Please read carefully

This form is to be used to make an application to the Corporation of the City of Barrie for a request to construct or erect a Telecommunication Facility. The application consists of a form that must be filled out by all applicants. To ensure the quickest and most complete review, all information should be submitted at the time of making an application to the City. In the absence of this information, it may not be possible to do a complete review and provide comments to Industry Canada within the time period provided to the City.

Pre-Consultation Meeting Prior to Submitting Application Form

A Pre-Consultation Meeting shall be conducted prior to the submission of an application. Prior to the Pre-Consultation meeting, the following information must be submitted:

- Location of the proposed facility;
- Proposed setbacks from existing buildings and from property lines;
- Description of proposed facility, accessory structures, anchoring;
- Site changes, fencing, landscaping, access, and parking;
- Summary how applicable facility meets exclusion criteria of Industry Canada;
- Description of site development and location of facilities, elevation drawing and surrounding land uses; and
- One paper copy and one electronic copy of preliminary set of drawings illustrating the above information and additional copies if required.

As a component of the Pre-Consultation process, City Planning Services staff shall review with the proponent the following matters:

- Site options including co-location on existing facilities or placement on existing buildings or structures;
- The provisions in this Protocol and other City policy and regulatory documents related to antenna system location;
- Application submission requirements; and
- Relevant concerns of the land-use authority and community regarding the land use impacts of the proposed telecommunication facility.

The Pre-Consultation shall not mark the commencement of the 120 day consultation process.

Submission of an Application

Upon completion of the pre-consultation meeting, if the applicant wishes to pursue the Telecommunication Facility, a full application must be submitted. The following information must be submitted in order to initiate a Telecommunication Facility Application request with the Corporation of the City of Barrie:

- One (1) copy of a completed Application form signed by the registered owner or an authorized signing officer. If the applicant (agent or solicitor) is not the registered owner of the land, a written and signed statement by the owner must accompany the Application which authorizes the applicant to act on behalf of the owner.
- One (1) copy of a justification report prepared by a certified engineer or land use planner as described in Section 4.3 a) of the City Council Approved Protocol.
- One (1) set of colour photographs showing existing site conditions and surrounding land uses.
- One (1) set of colour photographs from road in front of site including superimposed image of proposed facility.
- One (1) set of Site Drawings, Elevations and Boundary Survey as described in Section 4.3 c) of City Council Approved Protocol.
- One set of network coverage mapping showing the applicant's current coverage and anticipated coverage with the installation of the proposed facility.
- Confirmation that Transport Canada, NAV Canada, adjoining Municipalities within 500 metres and all other public authorities having an interest in the lands have received Notice of the Application.
- Description of Transport Canada's and NAC Canada's aeronautical obstruction marking requirements as applicable.
- Summary how applicable facility meets exclusion criteria of Industry Canada; and
- The appropriate application fee based on the Schedule of Fees listed below.

Telecommunication Facility Application Form

Schedule of Fees

The following is a Schedule of the fees required to process an application for a Telecommunication Facility by the Corporation of the City of Barrie: **Payment of application fees can be made by Cash, Cheque or Debit only.**

- Telecommunication Facility Application Fee (per By-law 2019-023) \$ 3,319.55

Drawing and Other Information

All applications for a Telecommunication Facility to the Corporation of the City of Barrie must include an accurate to scale drawing or drawings, preferably prepared by a qualified professional, showing the following:

- Location of the proposed facility;
- Proposed setbacks from existing buildings and from property lines;
- Description of proposed facility, accessory structures;
- Site changes, fencing, landscaping, access, and parking;
- Description of site development and location of facilities, elevation drawing and surrounding land uses;
- One copy and one electronic copy of preliminary set of drawings illustrating the above information;
- Location of any existing buildings.

Justification for the Amendment

Required if Applicable

- If the proposed telecommunication facility is adjacent to an Environmental Protection Area an Environmental Impact Study (EIS) shall be required.
