

**STEVE TROTTER**

June 29, 2017

City Of Barrie  
70 Collier Street  
Barrie, ON, L4M 4T5

Dear Mr. Mayor and Members of Council

As a resident of Ward 6 I submit my name for your consideration to be the next councilor for Ward 6.

Having sat beside Councilor Prowse at the council table during my tenure on Council and been a constituent of his for many years I would consider it an honour to fulfill the remainder of his term.

At this juncture in your term you have already set your priorities and you are working to accomplish them before the next election. You and City staff need someone who has the experience to step in immediately and work with you to accomplish the priorities you set out at the start of your term. And at this time the residents of Ward 6 need a councilor with experience who can represent them at the council table and assist them as they interact with City Hall. Unfortunately this is not the time in your term for on the job training.

Attached I have provided a brief profile of myself outlining my relevant municipal experience, my current employment and my education that demonstrates I am the appropriate candidate to be Councilor for Ward 6.

I look forward to addressing you on July 10<sup>th</sup>.

Sincerely

A handwritten signature in black ink, appearing to read "Steve Trotter". The signature is fluid and cursive, with a large initial "S" and "T".

Steve Trotter
