To All Area Residents / Business Owners / Tenants / Agencies / First Nations:

**Re: Dunlop Street Corridor Improvements – Ferndale Drive to Anne Street
Municipal Class Environmental Assessment Phase 3 & 4
Notice of Study Commencement / Public Information Centre**

The City of Barrie has initiated a Schedule 'C' Municipal Class Environmental Assessment (Class EA) study to address the current and future transportation needs for Dunlop Street West, from Ferndale Drive to Anne Street North. The purpose of this notice is to announce the study commencement and to invite all those interested in the study to attend the Public Information Centre (PIC). If you are a member of the public, you are receiving this letter because you own property or reside within the study area boundary.

Background

Phases 1 & 2 of the Class EA process for this study are addressed by the City's Transportation Master Plan (TMP). The TMP identifies transportation improvements along Dunlop Street West to accommodate planned growth to 2041 as per the Provincial Growth Plan for the Greater Golden Horseshoe.

Project Scope

This study will evaluate alternative design concepts within the study area (see reverse). The study will consider impacts to the natural, cultural, social and technical environments, gather input from agencies, affected groups and the general public within the study area, and document the planning and decision-making process in an Environmental Study Report (ESR).

Public Information Centre and Invitation for Comment

A Public Information Centre (PIC) will be held to provide information about this study, answer questions regarding the project, present conceptual street cross-sections and collect public input and comments. The PIC will be in the format of an informal drop-in session.

Date: Wednesday, June 19, 2019

Time: 4:00 p.m. – 7:00 p.m.

Location: City Hall Rotunda, 70 Collier Street, Barrie, ON L4M 4T5

Public input and comments will be considered in developing the preferred design alternative, which will be presented at a second PIC. A comment sheet has been included with this letter. Please provide comments by **July 10, 2019**.

Project Web Site

The project website is located at barrie.ca → City Hall → Environmental Assessment Studies, then scroll down to Dunlop Street Corridor Improvements. The website will be updated as project material becomes available.

If you have any questions and/or concerns, please feel free to contact Mr. Brett Gratrix at (705) 739-4220, extension 5117, or e-mail Brett.Gratrix@barrie.ca.

Yours truly,

Brett Gratrix, P. Eng.
Infrastructure Planning Engineer
