

**CITY OF BARRIE**

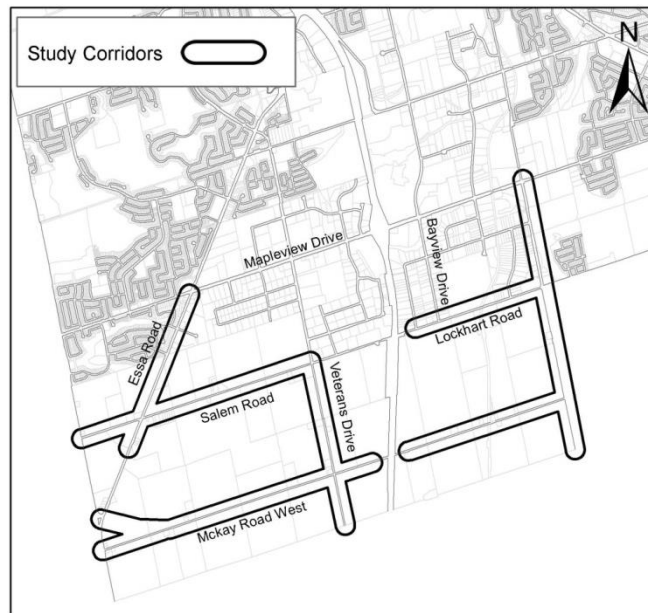

**SALEM ROAD SECONDARY PLAN STUDY AREA (ASSIGNMENT #1)  
TRANSPORTATION IMPROVEMENTS  
MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT PHASES 3 & 4**

**NOTICE OF PUBLIC INFORMATION CENTRE**

The Corporation of the City of Barrie is undertaking a Municipal Class Environmental Assessment (Class EA) to address transportation improvements for the Salem Road Study Area to determine the most appropriate design for future reconstruction projects, as recommended in the City's Multi-Modal Active Transportation Master Plan (see attached Figure 1 - Map of Study Area). This letter is to advise you of the progress that has been made on this study and the upcoming activities.

The preferred alternative solution from Phase 1 & 2 of the Class EA process completed as part of the Multi-Modal Active Transportation Master Plan (MMATMP) was endorsed by Council on December 2, 2013 (Council Direction Memorandum 13-G-289).

The City of Barrie is now proceeding with Phases 3 and 4 of the Schedule "C" Municipal Class EA (October 2000, as amended in 2007 and 2011). The Corporation has retained the consulting firm Stantec to develop and evaluate various alternative designs and to complete the Environmental Study Report (ESR).

A Public Information Centre (PIC) is scheduled for Thursday September 22, 2016 at the Liberty North Banquet Hall from 4:00 p.m. to 7:00 p.m. The public is invited to attend the PIC to review and provide comments on the proposed design alternative solutions. Comments and responses received from the PIC will be considered in the development of the preferred design alternative solution. Consulting Team and City Staff will be available to discuss issues and concern with members of the public.

Should additional information be required or to be added to the project mailing list, please contact:
