Changes to the provision of Provincial Offences Act court transcripts

City of Barrie Court Services has adopted a new model for the provision of transcripts for Provincial Offences Act court proceedings to make the process quicker and easier while improving customer service.

Under the new model, the ordering party will access the list of approved vendors who are Certified Court Transcriptionists and select a vendor which meets the ordering parties' criteria for the order.

The list of vendors is noted on the new transcription order form available on-line or in hard copy format. The selected vendor will discuss the order, cost and payment of transcription services and delivery details with the ordering party.

Please note transcript preparation fees are governed by O. Reg. 94/14 and will be the same for all vendors. Costs for delivery of transcription material may vary between vendors.

We are pleased to offer this streamlined method for ordering court transcripts. For more information contact City of Barrie Court Services at transcripts@barrie.ca or at (705) 739-4291 (Barrie office) or (705) 326-2960 (Orillia office).
