

Parking Lots and Temporary Loading Only Zones

During the Dunlop Streetscape Project, free two-hour parking will be available at the Chase McEachern Way (including 15 Bayfield Street lot) and Maple Avenue Central parking lots until the end of construction. You must print a receipt from the machine and display it on your vehicle dashboard to be eligible for the free two-hour parking. Some on-street parking spaces along Dunlop St. and side streets are temporarily designated and signed as loading only zones under the Traffic By-law. This limits parking to standing for 10 minutes or less, which helps businesses with deliveries and helps maintain traffic flow in the area.
