City of Barrie (Recreational Programs)</li> <li>2. Youth Partner Groups (as defined below)</li> </ol>

<p>Scope</p>	<p><b>ALLOCATION OF SPORTS FIELD TIME</b></p> <p>The City Recreation Services Department shall develop and implement procedures for the allocation of sports field time requests in accordance with the Guiding Principle, Distribution Philosophy, User Priority Ranking and definitions of this policy.</p> <p><b>Allocation Procedures:</b></p> <ol style="list-style-type: none"> <li>1. The supply of available sports field time will determine the total number of weekly hours each permit holder is entitled to and the distribution of those hours to different age and skill levels. The City will communicate this entitlement to permit holders shortly after the application data has been reviewed and time has been allocated.</li> <li>2. Sports field allocations will be divided into Peak Time and Non-Peak Time. Supply of sports field time is the total amount of time available for rent in both Peak Time and Non-Peak Time.</li> <li>3. If more hours are needed beyond what is available then each Permit holder must justify this need in writing well in advance of the season application process. Requests will be satisfied pending availability and demand.</li> <li>4. Demand for sports field time by permit holders will take into account the priority status of the Permit holder and the proportionate number of participants in a group requesting time.</li> <li>5. Permits will be issued for sports field use based on the overall condition of the sports field and the ability of the sports field to withstand the impact of the related sport.</li> <li>6. The City, at its discretion, may place a cap on the proportion of the total available Peak Time that adult permit holders may access in order to ensure that youth have a majority of Peak Time allocated to them.</li> <li>7. The City, at its discretion, may prioritize the use of sports fields for games over practices.</li> <li>8. Once time has been allocated by the City, each permit holder is responsible to distribute its allocation amongst its various subgroups in accordance with established rules of its organization and in keeping with the principles of this policy.</li> <li>9. Generally, the City will determine the maximum number of games per week for each sports field based on rest and regeneration requirements, including tournaments.</li> </ol>

**Deficit Fields:**

A deficit of fields occurs when the total Peak Time demand for fields exceeds supply. When this occurs, there are methods available to manage the allocation of fields. The following is a list of method options that may be applied:

1. During allocation deficit periods, the total number of hours may be pro-rated so that all permit holders will receive an equitable deficit allocation adjustment.
2. To ensure a fair and equitable distribution of sports field rental time, the City may at its discretion schedule up to 5% of a permit holder's total time at Non-Peak times.
3. Where multiple fields are requested, a permit holder must ensure they book and utilize the full time block of time before being granted additional time on additional fields.
4. When a field deficit exists, all Youth and Seasonal permit holders using multiple fields must commit to permitting and using existing fields for a minimum of 5 days per week (chosen from any 5 days from Sunday to Saturday) for the period between Victoria Day in May to the end of August. Exceptions to the 5 day per week commitment may be made when the City is unable to supply the required fields, for disruptions to regular permit time due to events and emergency closures and on a case by case basis, as requested in writing by the applicant.

**Tournaments:**

1. All general rules and reservation procedures as specified in this policy are applicable during tournaments.
2. With some exceptions tournaments generally occur on weekends. Staff will allocate and restrict tournament play primarily to weekends except for championship, national or international tournaments. Seasonal Permit holders may be impacted and will be advised of any potential exceptions at the time their permit is issued.
3. Sports field allocations for tournaments are dependent upon available resources, and may be modified to provide required resources for regular season games.
4. All tournament bookings are to be made in writing to the City prior to the allocation of seasonal permits. Tournaments are not allowed on sports fields until May 1st unless approved by the City. A tournament/ special event request form must be submitted no later than November 1 for all tournaments to be conducted in the following calendar year.

**CLASSIFICATIONS OF SPORTS FIELD ALLOCATION REQUESTS**

For the purpose of sports field allocation, requests for sports fields from organizations and groups will be classified as “existing”, “existing program expansion” or “new”. These terms are defined as follows:

- 1) Existing Programs – organization/group was allocated regular sports field time in the previous comparable season (e.g. organization was allocated field time in previous season and requests equivalent field time again in the upcoming season).
- 2) Existing organization or group program expansion or core/primary/basic services – requests by an existing organization/group to expand the program, due to program registrations, and/or changes to governing sports affiliation rules and regulations, which requires additional field time, or more field time than the field entitlement and/or previous season baseline (refer to section 12.1).
- 3) New Programs - organization/group not allocated regular field time in the previous comparable season, whose program or services meet a previously unmet need.

Tournaments	Request Date	Confirmation Date
	November 1	January 15
Regular Season	November 1	February 15

**PRINCIPLES APPLIED TO SPORTS FIELDS TIME ALLOCATION PROCESS**

**1. Sports Field Time Allocation Guidelines for Sports Fields Organizations**

Sports field time guidelines are used by municipalities to allocate the sports field time required to meet the basic requirements for a sport and are expressed through a ratio of sports field time per team or number of participants, and differ based on a sport’s activity requirement and caliber/level of play. Sports field time guidelines apply predominantly to youth sport organizations and should not be considered to be guaranteed. (Please refer to Table 12.1)

**2. Principles Applied in the Sports Field Allocation Process**

- a) Organizations/groups to which the sports field allocation guidelines do not apply will be allocated field time based on the Sports Field Time Allocation Schedule, availability of fields and user group registrations.
- b) Organizations are responsible for the distribution of field time to their teams or members.
- c) Allocated hours must be used by the organization/group to

which they are assigned, unless otherwise approved by the Department.

- d) No tournaments, special events or expansions to existing programs may be implemented without the prior written approval of the Department.
- e) School Boards/Colleges/universities will be allocated field time to comply with existing reciprocal use agreements where applicable.

**3. Weekly Hours Assigned and Distribution for Youth Partner Groups**

- a) Number of weekly hours allocated to a Youth Partner Group will be based on justified need.
- b) When requested by the City, on an annual basis, registration data from the prior season of play must be supplied, in an approved format, by the Youth Partner Group to Recreation Services Department by April 15<sup>th</sup> of each year. A Registration Data Form template will be provided by the Recreation Services to clearly illustrate the information data to be provided.
- c) Information collected by the City of Barrie shall be in accordance with the Freedom of Information and Privacy Protection Act, and shall be used for the sole purpose of determining and assigning eligible field time to users.
- d) The Recreation Services Department will apply the data to the sports field allocation benchmark formula which will determine the total number of weekly hours each user shall be assigned and the distribution of those hours to different age and skill level groupings.

**NEW ORGANIZATIONS REQUESTING REGULAR SPORTS FIELD TIME**

1. If a new organization requests regular sports field time and an existing organization are meeting similar needs in the community, the Department will direct the new group to the existing organization.
2. A new organization requesting regular sports field time must meet an identified need in the community, which is not being provided by any of the existing organizations. Identified need and appropriate use of a facility will be evaluated by the Department.
3. Organizations, groups or individuals requesting regular sports fields for the first time must submit a request in writing to the Manager of Facilities no later than April 15<sup>th</sup> for the following season.
4. Recognition and field allocation will occur once the conditions and criteria outlined in the Sports Field Allocation Policy is met and if existing users will not be adversely affected.

The City will use unallocated sports fields first to meet the needs of a new applicant but reserves the right to reasonably reallocate hours

from existing users, if warranted.

### **MANAGEMENT OF TOURNAMENT AND SPECIAL EVENT REQUESTS**

The City Recreation Services Department recognizes the significant positive impacts that tournaments, special events and championships can provide to the community. In order to accommodate these events and minimize disruptions to regular programs and league play, the City of Barrie Recreation Services Department will allocate seasonal sports field addressing Tournament and Special Event Requests first.

Existing and new organizations (sports, recreation, non-sports or other) requesting Tournament and/or Special Event sports fields time must submit a request in writing to Recreation Services Department to the attention of Manager of Facilities no later than November 1 for the following calendar regular season.

The Recreation Services Department through the SFAC will be responsible for effectively managing client requests for tournaments and special events. Based on the previous year's allocation, the SFAC will, objectively, evaluate tournament and special event sports field time request, based on their past success, impact on the community, impact on departmental operations and existing schedules and resources, and availability of field.

User groups will receive notice of acceptance/refusal of tournament and special event dates by the SFAC within 60 days.

When availability of sports fields is limited due to a high number of tournament and special event requests, the City may limit organizations to a maximum of two tournaments or special events per organization per season. The City will also evaluate tournament and special event requests as it relates to the volume of sports fields requested and the associated number of hours; considering events with higher volume and hours ahead of other requests.

### **SPORTS FIELD TIME AMENDMENTS AND CANCELLATION PENALTIES**

#### **Tournament Permit Amendments and Cancellations**

The City will effectively manage any client requests for tournaments and special event permit amendments or cancellations with the goal of minimizing administrative, revenue and operational impacts. When changes or cancellations are requested, the guidelines outlined in the Sports Field Allocation Policy will be stringently applied.

#### **Permit Amendments and Cancellations**

Allocated field time turned back into the Recreation Services Department must be done utilizing the same ratio as the originally allocated field (i.e. a

proportionate number of Peak and Non-Peak time, weekday and weekend fields). The Recreation Services Department reserves the right to accept only hours that hold only the greatest potential for rebooking.

The Recreation Services Department has the right to control all field time distribution and use of City-owned and operated sports fields for the duration of the permit. Controls must be in place to minimize the negative impacts that unused, returned, amended and cancelled field time can have on the sports field operation and its clients. As such, the Recreation Services Department will apply all guidelines outlined in the Sports Field Allocation Policy to reasonably and responsibly manage unused sports fields or changing needs once permits have been issued.

Unused season permit time blocks must be returned to the City. An organization is not permitted to book a field and let it sit vacant for any reason; this may result in loss of privileges. If sports fields are not being used as requested then permits may be revoked.

**Added Field Time (Temporary or Permanent)**

All field hours added to an existing contract will be final on the date issued and accepted. No further changes will be considered.

**Transfers/Trades/Sublet or Sub-Leased Sports Field Prohibited**

The City of Barrie is the sole permit authority for all sports field times. The City must be aware of and able to control the intended use of all field permitted at all times.

It is recognized that last-minute changes to the intended use of the field may occur under rare, infrequent and unforeseen circumstances; however, the Recreation Services Department must be notified by the permit holder, even after the occurrence. Failure to notify the Recreation Services Department may result in termination of the permit and cancellation of future bookings. No person, organization, association or minor sports group shall transfer or sublet/sub-lease, or permit to be transferred or sublet/sub-lease, any field allocation or part thereof, for value or otherwise.

If any person, organization, association or minor sports group transfers or sublets/sub-leases, or permits such transfer or sublet/sub-lease, of any field allocation or part thereof, their permit shall be terminated without notice and the City shall refund the permit fee on a prorated basis.

**Sports Field Time Cancellation Penalties**

Once a sports field rental permit has been signed, the following penalties shall be applied to cancellations of sport field time allocation:

1. For Youth Partner Groups, Boards of Education Programs, and Seasonal Clients
  - a. 30 days written notice is required for a full refund.

- b. Notice of cancellation given 29 days or less will be refunded at 50% of the number of hours being returned.

**SPORTS FIELD MAINTENANCE AND REGENERATION**

1. It is the responsibility of the permit holder to provide schedules for each of the sports fields that they are allocated so that appropriate maintenance may be performed. If no schedules are provided the City may discontinue maintenance of these sports fields.
2. Grass mowing is performed once a week except if irrigated, which is performed twice a week, weather permitting. Inclement weather may alter mowing schedules.
3. Sports fields with irrigation systems will be watered as required and in accordance with the City's watering by-law.
4. The City does attempt to be flexible in accommodating permit holders but ultimately the health and safety of the user and the condition and playability of the sports fields takes priority. This may require the closure of sports fields, denial of use and/or suggested alternate sites.
5. Sports fields may be closed at the discretion of the City. Closures are kept to a minimum when conditions remain playable. Priority is given to maintenance needs and rest and regeneration periods for all sports fields. The City may close all or part of a Park for any of the following reasons:
  - City engages in work involving any of the sports fields
  - When the health and safety of participants is threatened due to impending conditions, including but not limited to rain, poor surface conditions, damage to sports fields and smog alerts.
6. The City's sports fields will be closed between September 30th and

April 30<sup>th</sup> (weather permitting) in order to allow much needed time for sports fields to rest, especially during the wettest time of year when the most damage can occur. This also gives City staff an opportunity to provide routine maintenance to all sports fields, undertake repairs, improvements and renovations for selected sites on an annual rotating basis. Should the use of specific ball diamond(s) or soccer field(s) be required after the above specified closure dates, a written request must be submitted to the City before September 15<sup>th</sup> to be given consideration. Decisions on sports field use after sports field closure dates will depend on the established fall maintenance schedule and sports field conditions at that time.

7. Requests to modify or improve any City sports field shall be submitted in writing for review and if approved by City staff, may be submitted to Council for consideration.
8. City staff will review sports field conditions and maintenance schedules will be communicated to permit holders annually.

#### **LOSS OF PRIVILEGES**

1. In addition to the charges applicable under the Fees and Charges By-Law, the following loss of privileges may apply for any permit infraction including but not limited to:
  - Revocation of permit
  - Loss of sports field time
  - Refusal of future applications
  - Increase to amount of security deposit
2. Loss of privileges for any infraction of this policy will consider:
  - The circumstances and severity of the infraction, the damage to the sports field and the effect to the other users of the sports field
  - The general previous conduct and cooperation of the permit holder at City facilities as documented in City files
  - Previous infractions by the permit holder as documented in City files
3. The level of cooperation and understanding by the permit holder in resolving the issues around the infraction
4. Discipline may range from, but not excluded to, verbal warnings, written warnings, cost of repair to the sports field and/or loss of sports field use. It is understood a number of discipline measures can be used in combination with each other and discipline measures will generally be progressive in nature.
5. When a permit holder is found to have played on a sports field that is officially closed; sub-leased a sports field without permission; or played on a sports field not permitted to their association, they could forfeit the right to play on a City sports field for the remainder of their season (tournament and play-offs included). In addition, any repair

costs to the sports field associated with the infraction will be levied against the offending permit holder(s).

6. When a permit holder books a field and does not use the field and fails to return the time to the City within the proper cancellation time frames; the permit holder may face loss of privileges for the current and/or future field access.
7. No one is allowed to play on a sports field or in proximity to one that would cause one to walk on the surface of a playing sports field in the form of a practice without a permit. No permit, no play, no practice. This would include the fouling of end zones while using the goal posts in reverse to facilitate a practice off the sports field. Violations in this regard may be subject to a fine per person participating.
8. Any permit holder assessed a loss of privileges under this section must remit all fines/damage repair costs within 60 days. Failure to meet this obligation may result in further action.
9. League schedules – the City may request this information in order to efficiently schedule maintenance and staff and sports field preparation, maintenance and regeneration and reserve the right to format the schedule. Failure to provide schedules could result in discontinuation of sports field maintenance and the cancellation of all or some of the permit for the remainder of the season. Seasonal schedules are due at least 5 business days prior to the commencement of the first use of the permit holder, excluding sports field time allotted for tryouts.

APPENDIX "C"

**Highlights of Proposed Sports Fields Allocation Policy**

<b><u>Number</u></b>	<b><u>Items</u></b>	<b><u>Solutions</u></b>	<b><u>Rationale</u></b>
1.	Youth organizations requested the policy to have a youth focus and prioritization of allocation for users.	The policy includes sport field allocation user priority ranking in section 4, listing City recreation programs as # 1 and youth partner groups as # 2 in priority sequence, followed by further prioritization.	Youth sport is developmental and ensuring youth access to fields as a priority positively impacts participation and fosters lifelong recreation into adulthood.
2.	Definitions in the policy need to be clearly defined.	The policy defines many key items: classification of users, peak & non-peak times, sport field uses (tournament & special events), and season of play.	These definitions are important in describing these key items in order to provide clarity and set parameters.
3.	Tournament & special event hierarchy.	The policy defines major and minor special events in section 7. Section 14 describes how the City will manage tournament & special event requests.	Maximization of diamonds for greater access giving priority to higher profile events at the National and Provincial levels. Also lends favour to requests that contain multiple fields and higher volume of hours.
4.	Growth of current organizations as well as new and emerging sport.	Section 11 (2) provides for existing organization expansion requests. Section 13 describes new organizations request for regular field time.	Current user growth may be accommodated through field use maximization. A mechanism for new and emerging sport is important given the anticipated population growth within the City and changing demographics.
