## Backflow Prevention Program Qualified Persons Registry - Business List

Only those persons listed in the Authorized Functions List (see Backflow Prevention and Cross Connection Control By-law Schedule A) and prequalified with the City of Barrie shall carry out the corresponding functions set out in this list.

**“IMPORTANT NOTICE”:** This is a list of businesses which employ “Qualified Persons” who have registered in the pre-qualification program with City of Barrie’s Backflow Prevention Program. A “qualified person” means a person who is certified or licensed to work in a specific field, including supportive competencies based on levels of education and trade work experience achieved. A qualified person is permitted to carry out cross connection control functions in conjunction with “Schedule A” Authorized Functions List within Barrie. The City strongly recommends you obtain several quotes before selecting a qualified person and does not endorse or provide warranty of services or prices. Also be advised that all “qualified persons” operate independently from the City, please check their references, insurance, discuss costs, and obtain a WSIB clearance certificate before proceeding with any work. Thank you for your cooperation in this matter. Please direct any questions to [backflow@barrie.ca](mailto:backflow@barrie.ca)

**Plumbing permits are REQUIRED for all and any alterations to plumbing and are obtained from Building Services Department at City Hall, 70 Collier St. 8th Floor 705-739-4212**
