**A deposit of \$1,000.00 is required prior to the temporary water supply being provided. The applicant will assume full responsibility for any damages or theft incurred to the equipment by any person or persons unknown.**

A minimum of 2 working days from the time of application is required to allow for installation of the meter and backflow prevention device.

**CONDITIONS OF SERVICE:**

**NOTE: Applicant is not permitted to operate the curb stop or any other part of the municipal drinking water system at any time.**

1. The applicant must disclose to the Water Operations Branch (WOB) what the intended use of the water is.
2. The user will not at any time put the City of Barrie's (hereinafter referred to as the City) drinking water system at risk of contamination or pollution by creating any uncontrolled cross connections. The City reserves the right to remove the temporary water supply and refuse use at any time if used in such a manner.
3. The City reserves the right to remove the temporary water supply if the consumption does not warrant its use. This will be determined at the City's discretion and removed at the applicant's expense.
4. The temporary water supply will be installed on a water service as determined by the City and must not be moved. If a different arrangement is required, this must be made through the WOB at the applicant's expense.
5. If it is suspected that the temporary water supply has been altered or tampered with, a minimum fee of \$1000.00 will be levied, plus any applicable service charges.
6. The applicant is responsible to pay the costs of all waters that pass through the meter. The costs are as per the current rates as established in the City's Fees By-law (as amended).
7. The applicant agrees to contact the WOB immediately should a problem arise with the temporary water supply.
8. The WOB Operator installing the temporary water supply will instruct the applicant on the procedures of its operations at the time of installation.

The applicant shall indemnify the City against all losses, expenses, penalties and legal costs it may incur from any injuries and damages suffered by any person or entity related to any activities or omissions committed by the applicant under this permit.

Charges for the installation and removal of any equipment will be at current rates outlined in the City's Fees By-law (as amended). Water shall be charged at the current maximum water rate per m<sup>3</sup>.

We, the undersigned, hereby agree to all of the above.
