This information bulletin is to provide an update on the 2023 Road Resurfacing Program and Drainage Improvement project with GIP Paving Inc..

This work is part of Council’s approved 2023 budget and aligns with Infrastructure’s pledge to fix roads that need repairs and to update and improve City of Barrie (the ‘City’) Infrastructure.

### PROJECT UPDATE

GIP has completed the following work:

- Blake Street – between Steel Street and Puget Street – Concrete Repairs and Resurfacing
- Blake Street – between Puget Street and Collier Street – Concrete Repairs
- Dunlop Street - between Collier Street and Duckworth Street - Concrete Repairs

For a complete list of impacted areas and additional details, please visit the City’s projects webpage, barrie.ca/Roadwork and select 2023 Pavement Renewal Programs from the list.

### UPCOMING WORK DETAILS

GIP will be doing the following work:

- Retaining wall replacement at 18 Nelson Square West
- Blake Street – between Steel Street and Puget Street
  - Minor concrete work at Steel Street and Blake Street
  - Minor deficiency work
  - Pavement marking
- Blake Street at Puget Street
  - Installation of a catch basin
- Blake Street – between Puget Street and Collier Street
  - Asphalt resurfacing
  - Driveway removal and replacement (as required)
  - Remaining concrete repairs (most completed in 2023)
  - Pavement marking
- Dunlop Street – between Collier Street and Duckworth Street
  - Asphalt resurfacing
  - Remaining concrete repairs (most completed in 2023)
  - Pavement marking

### WHAT TO EXPECT DURING CONSTRUCTION

You may experience inconveniences such as, dust, noise, and short delays. The City will make efforts to reduce impacts. Your patience is appreciated.

Further notice will be provided to property owners who are required to remove items, such as decorative objects, located within City property limits (boulevard). If you have a sprinkler system within the boulevard portion of your property, please contact the City’s Contract Administrator identified below.

The City will not be responsible for damage to any privately owned items on City property, including sprinkler systems.

The Contractor has retained the services of WHS to complete a precondition survey of the exterior of your home. Separate letters will be sent from the City and the survey company to book an appointment.
### Accessibility:
If you have any accessibility requirements, such as wheelchair access, please contact the City representatives listed below.

### Road and Sidewalk Access:
Pedestrian access will be maintained during construction.
Delays may occur due to construction activities.
Roads will remain open during construction, with intermittent lane disruptions.

### Driveway Access:
Vehicle entry to properties within the construction limits will be available.
At times, direct access to driveways will be interrupted for driveway restorations.
Access for emergency vehicles will always be maintained.

### Services:
Hydro, sanitary sewer services, water services, telephone, cable TV, and gas services should not be affected by the construction, barring any unforeseen circumstances.

### Traffic Management:
The Contractor will use traffic control measures, such as traffic cones to steer through traffic around Contractor’s equipment and vehicles within the construction site. Flag persons will assist with traffic control, if required.

### Transit Service:
The proposed construction may affect Barrie Transit routes and schedules.
Changes to bus routes in the construction area will be posted at the bus stops in advance.

### Parking:
Parking on roadways in an active construction area is not permitted. Vehicles parked in the construction area will be ticketed and towed.

### Garbage and Recycling:
Garbage, recycling, and yard waste will be collected on the regular collection day during construction. Ensure everything for pick up is curbside by 7:00 a.m. on the collection day.

### Safety:
The Contractor is required to conduct work in a safe manner, such as using traffic cones and fencing off excavations. Please use extra caution in the construction zone to ensure everyone’s safety.

---
