Independent Auditor's Report

To the Members of Council of
The Corporation of the City of Barrie

Opinion

We have audited the consolidated financial statements of The Corporation of the City of Barrie (the "City"), which comprise the consolidated statement of financial position as at December 31, 2023, and the consolidated statements of operations and accumulated surplus, change in net debt, remeasurement gains, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2023, and the results of its operations, changes in net debt, remeasurement gains, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the City to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the City to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

1. Summary of significant accounting policies

Management's responsibility

The consolidated financial statements of the Corporation of The City of Barrie (the "City") are the responsibility of management. They have been prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board ("PSAB" or "PS") of the Chartered Professional Accountants of Canada ("CPA Canada").

Reporting entity

Consolidated entities

These consolidated financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity. The reporting entity is comprised of all organizations, committees, and local boards accountable for the administration of their financial affairs and resources to the City and which are owned or controlled by the City. These boards and entities include:

Barrie Police Services Board
Barrie Public Library Board
Downtown Barrie Business Improvement Area

All inter-entity transactions and balances have been eliminated.

Modified equity accounting

Barrie Hydro Holdings Inc., a government business enterprise, is accounted for by the modified equity method. Under this method a business enterprise's accounting principles are not adjusted to conform to those of the City and inter-entity transactions and balances are not eliminated. Financial information related to Barrie Hydro Holdings Inc. is disclosed in Note 4.

Cash and cash equivalents

Cash consists of balances held at financial institutions and cash equivalents consist of highly liquid financial instruments with maturities of 90 days or less at acquisition.

Inventories

Inventories of land held for resale are valued at the lower of cost and net realizable value. Inventories of supplies are priced at average cost on a first-in, first-out basis.

Investments

Investments, excluding equity instruments quoted in an active market, are recorded at historical cost less any amounts written off to reflect a permanent decline in value. Discounts and premiums arising on the purchase of these investments are amortized over the term of the investment. Equity instruments quoted in an active market are recorded at fair value. Changes in unrealized gains and losses are recorded in the consolidated statement of remeasurement gains. Accrued interest is included in accounts receivable. Investments consist of authorized investments pursuant to the provisions of the Municipal Act and comprise of government and corporate bonds, equity investments, and guaranteed investment certificates. Investments with original maturity dates greater than 90 days are classified as investments in the consolidated statement of financial position. Portfolio investments including the investment in Lake Simcoe Regional Airport Inc. are recorded at historical cost.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

1. Summary of significant accounting policies (continued)

Tangible capital assets

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including, but not limited to: transportation costs, installation costs, design and engineering fees, legal fees, site preparation costs, and asset retirement obligations. Contributed tangible capital assets are recorded at fair value at the time of contribution, with a corresponding amount recorded as revenue when fair value can be reasonably estimated. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing in the year following that in which the asset is available for productive use as follows:

Asset class	Useful life
Building and building improvements	15 to 60 years
Machinery and equipment	5 to 30 years
Fleet	3 to 18 years
Land improvements	5 to 100 years
Underground and other networks	15 to 100 years
Roads and sidewalks	15 to 100 years

Tangible capital assets under construction

Tangible capital assets under construction are recorded at cost. When construction is completed, the tangible capital assets under construction will be transferred to their relevant tangible capital asset category and amortized based on their classification.

Other receivables

Other receivables include the outstanding principal portions of expenditures incurred to benefit landowners and deferred development charges from various organizations. These other receivables are reported on the consolidated statement of financial position. The City records allowances for impairment when it is determined that it will be unable to collect amounts due according to the terms of the underlying agreement. Interest earned in relation to the receivables is recorded as revenue when earned.

Taxation and related revenues

Property tax billings are prepared by the City based on assessment rolls issued by the Municipal Property Assessment Corporation (MPAC). Tax rates are established by City Council, incorporating amounts to be raised for local municipal services and service partners. The City is also required to bill and collect education taxes on behalf of the Province of Ontario at rates determined by the Province. The municipal portion of property tax revenue is recognized subsequent to the passing of a property tax by-law in the period in which the tax is levied.

The City is entitled to collect interest and penalties on overdue taxes. These revenues are recorded in the period the interest and penalties are earned.

Assessments and related property taxes are subject to appeal. The City evaluates the likelihood of having to repay taxes as a result of tax appeals or other changes and recognizes a liability and a reduction to revenue if the amount can be reasonably estimated.

User fees and other revenues

User fees and other revenues are recognized when earned.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

1. Summary of significant accounting policies (continued)

Investment income

The City invests excess funds that are not required for immediate use. Investment income, including interest, dividends, and realized gains and losses, is reported as revenue in the period earned. Investment income earned on obligatory reserve funds is added to the associated reserve funds and forms part of the respective deferred revenue - obligatory reserve fund balances.

Government transfers

Government transfers are recognized as revenue by the City in the period in which the transfers are authorized and any eligibility criteria are met, unless they are restricted through stipulations that require specific actions to be carried out in order to keep the transfer or discharge the liability. For such transfers, revenue is recognized when the stipulation has been met.

Pension plan

The City is an employer member of the Ontario Municipal Employees Retirement System ("OMERS"), which is a multi-employer, defined benefit pension plan (the "Plan"). The OMERS Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of the benefits. The City uses defined contribution plan accounting principles for this Plan. The City records as pension expense the amount paid to OMERS for the year plus any amounts owing to OMERS at the end of the year.

Non-pension post-employment benefits

The City accrues its obligations under employee benefit plans as the employees render the services necessary to earn employee future benefits. The City has adopted the following valuation methods and assumptions:

Actuarial cost method

Accrued benefit obligations are computed using the projected benefit method prorated on service, as defined in PS 3250 and PS 3255. The objective under this method is to expense each member's benefit under the plan taking into consideration projections of benefit costs to and during retirement. Under this method an equal portion of the total estimated future benefit is attributed to each year of service.

Workplace Safety and Insurance (WSIB) obligation

The costs of WSIB obligations are actuarially determined and the cost is recognized immediately in the period the event giving rise to the obligation occurs.

Funding policy

The non-pension post-retirement and post employment benefits plans are funded on a pay-as-you-go basis. The City funds the plans on a cash basis as benefits are paid. No assets have been formally segregated and restricted to provide for non-pension retirement and post-employment benefits.

Accounting policies

Actuarial gains and losses are amortized over the expected average remaining service life ("EARS"), of members expected to receive benefits under the plan, with amortization commencing in the period following the determination of gain or loss. Obligations are attributed to the period beginning on the date the member became eligible for benefit and ending on the expected date of termination, death, or retirement, depending on the benefit value. The City's fiscal year end is December 31, and the measurement date of the City's obligation is as at December 31.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

1. Summary of significant accounting policies (continued)

Deferred revenue

Obligatory reserve funds

Funds received for specific purposes which are externally restricted by legislation, regulation, or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the consolidated statement of financial position. The revenue is recognized in the consolidated statement of operations in the year in which it is used for the specified purposes.

General

User charges and fees which have been collected but for which the related services have yet to be performed are recorded as deferred revenue. These amounts will be recognized as revenues in the fiscal year the services are performed.

Asset retirement obligations

An asset retirement obligation liability is recognized when at the financial reporting date there is a statutory, contractual, or legal obligation to incur retirement costs in relation to a tangible capital asset, the past transaction or event giving rise to the liability has occurred, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made. Asset retirement obligations are initially measured at management's best estimate of the future cash flows required to settle the retirement obligation. If there is certainty on the timing of the cash flows to settle the retirement obligations, the future cash flows will be present valued using discounted cash flows.

When a liability for an asset retirement obligation is initially recognized, a corresponding amount is added to the carrying amount of the related tangible capital asset. The asset retirement cost is amortized over the useful life of the related asset.

At each reporting date, the City reviews the carrying amount of the liability. Where present value techniques are used, an accretion expense is recorded in the period to record the change in the liability due to the passage of time. Changes to the liability arising from revisions to the amount of the original estimate of undiscounted cash flows, the discount rate, and/or the timing of when an obligation will be settled will be recognized in the period as a change to the liability and carrying amount of the related tangible capital asset.

The City recognizes the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability in the period they are incurred.

Liability for contaminated sites

The City records a liability if it has a contaminated site that meets the requirements set out in the standard PS 3260 "Liability for Contaminated Sites". The standard generally applies to sites that are not in productive use. Sites that are in productive use are considered under the standard if there was an unexpected event that resulted in contamination.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

1. Summary of significant accounting policies (continued)

Financial instruments

The City initially recognizes financial instruments at fair value and subsequently measures them at each reporting date, as follows:

Financial instrument	Measurement method
Cash and cash equivalents	Amortized cost
Accounts receivable	Amortized cost
Other receivables	Amortized cost
Promissory note	Amortized cost
Investments - equity instruments	Fair value
Investments - corporate and government bonds	Amortized cost
Investments - guaranteed investment certificates	Amortized cost
Investment in Lake Simcoe Regional Airport Inc.	Amortized cost
Accounts payable and accrued liabilities	Amortized cost
Long-term debt	Amortized cost
Interest rate swap	Fair value

Unrealized gains on financial instruments measured at fair value are recognized in the consolidated statement of remeasurement gains until they are realized upon derecognition, when they are transferred to the consolidated statement of operations. Transactions costs in the fair value category are expensed in the period they are incurred.

Financial instruments measured at amortized cost are amortized using the effective interest method. Transaction costs in the amortized cost category are added to the carrying value upon initial recognition.

Use of estimates

The preparation of consolidated financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. The principal estimates used in the preparation of these consolidated financial statements are liabilities for contaminated sites, post employment benefits liabilities, asset retirement obligations, fair value of certain financial instruments, Provincial Offences Act receivables, allowances for doubtful accounts, the estimated useful lives of tangible capital assets and other accrued liabilities and/or obligations. Actual results could differ from management's best estimates as additional information becomes available in the future.

2. Adoption of new accounting standards and prior period adjustment

Effective January 1, 2023, the City was required to adopt the following standards concurrently using the prospective application method: PS 1201 Financial Statement Presentation, PS 2601 Foreign Currency Translation, PS 3041 Portfolio Investments and PS 3450 Financial Instruments.

PS 1201 Financial Statement Presentation

PS 1201 Financial Statement Presentation replaces PS 1200 Financial Statement Presentation. This standard establishes general reporting principles and standards for the disclosure of information in government financial statements. The standard introduces the consolidated statement of remeasurement gains separate from the consolidated statement of operations. Requirements in PS 2601 Foreign Currency Translation, PS 3450 Financial Instruments, and PS 3041 Portfolio Investments, which are required to be adopted at the same time, can give rise to the presentation of unrealized gains and losses.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

2. Adoption of new accounting standards and prior period adjustment (continued)

PS 2601 Foreign Currency Translation

PS 2601 Foreign Currency Translation replaces PS 2600 Foreign Currency Translation. The standard requires monetary assets and liabilities denominated in a foreign currency and non-monetary items denominated in a foreign currency that are reported at fair value to be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses arising from foreign currency changes are to be presented in the new consolidated statement of remeasurement gains.

PS 3041 Portfolio Investments

PS 3041 Portfolio Investments replaces PS 3040 Portfolio Investments. The standard provides revised guidance on accounting for, and presentation and disclosure of, portfolio investments to conform to PS 3450 Financial Instruments. The distinction between temporary and portfolio investments has been removed in the new standard, and upon adoption, PS 3030 Temporary Investments no longer applies.

PS 3450 Financial Instruments

PS 3450 Financial Instruments establishes accounting and reporting requirements for all types of financial instruments, including derivatives. As a result of the standard, equity instruments and the interest rate swap are now measured at fair value on the consolidated statement of financial position and unrealized gains on equity instruments and the interest rate swap are recorded in the consolidated statement of remeasurement gains. Prior to 2023, equity instruments were recorded at cost and the interest rate swap was disclosed in the notes to the consolidated financial statements. Recognition, derecognition and measurement policies followed in periods prior to the adoption date, including 2022 comparative figures, have not been restated as the standard is required to be adopted prospectively. The cumulative impact of this standard has been reflected in the consolidated statement of remeasurement gains.

PS 3280 Asset Retirement Obligations

Effective January 1, 2023, the City was required to adopt PS 3280 Asset Retirement Obligations using the modified retroactive application method. Prior to the adoption of PS 3280, the City recorded closure and post-closure costs for the landfill site rehabilitation under PS 3270 Solid Waste Landfill Closure and Post-Closure Liability, which required the recognition of the liability based on the ratio of utilization to total capacity of the landfill site and the discounted estimated cash flows associated with closure and post-closure activities. Under PS 3280 Asset Retirement Obligations, a liability for an asset retirement obligation for the landfill is recognized based on discounted estimated cash flows associated with total amount for closure and post-closure activities. Prior period adjustments have been recorded and 2022 corresponding figures restated. The impact of the 2022 restatement is to remove the landfill obligation previously reported under PS 3270 Solid Waste Landfill Closure and Post-Closure Liability of \$7,733,544 and add the restated landfill obligation under PS 3280 Asset Retirement Obligations of \$10,127,369 (Note 10).

Prior period adjustment - Downtown Barrie Business Improvement Area (BIA)

During the year, it was discovered that accounts receivable and revenue were understated for the year ended December 31, 2022 by \$34,667. Prior period adjustments have been recorded and 2022 corresponding figures restated. This adjustment is very minimal, however has been reflected in the 2022 restated corresponding figures of these consolidated financial statements for the sole purpose of ensuring consistency with the adjustment reflected in the BIA's standalone financial statements.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

2. Adoption of new accounting standards and prior period adjustment (continued)

The impact of the prior period adjustments for the adoption of PS 3280 Asset Retirement Obligations and the prior period adjustment for the Downtown Barrie Business Improvement Area are as follows:

Impact on consolidated statement of operations:

	2022 (Previously reported)	Adjustments for adoption of PS 3280	Adjustment for BIA	2022 (Restated)
	\$	\$	\$	\$
Government transfers and grants	20,202,407	-	34,667	20,237,074
Amortization of tangible capital assets	65,676,893	358,886	-	66,035,779
Goods and services	95,946,052	4,035,904	-	99,981,956

Impact on consolidated statement of financial position:

	2022 (Previously reported)	Adjustments for adoption of PS 3280	Adjustment for BIA	2022 (Restated)
	\$	\$	\$	\$
Accounts receivable	41,926,705	-	34,667	41,961,372
Landfill closure and post-closure liabilities	7,733,543	(7,733,543)	-	-
Asset retirement obligations	-	20,098,204	-	20,098,204
Tangible capital assets	2,114,878,036	13,374,870	-	2,128,252,906

3. Other receivables

Other receivables consist of:

	2023	2022
	\$	\$
Receivables from benefiting landowners. These have various maturity dates between 2027 to 2032 and interest rates ranging from 0.0% to 5.2% (2022 – 0.0% to 5.3%).	626,734	1,094,944
Receivables from benefiting landowners. Maturity dates and interest rates will be determined at the time of billing.	493,950	493,950
Deferred development charge receivables from various organizations. Maturity and interest rates will be determined at the date of occupancy.	1,005,350	494,760
	2,126,034	2,083,654

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

4. Investment in government business enterprise

The following summarizes the financial position and operations of the government business enterprise which has been reported in these consolidated financial statements using the modified equity method:

a. Barrie Hydro Holdings Inc.

As at December 31, 2023, the City holds 100% of the shares of Barrie Hydro Holdings Inc. ("Holdings"). Holdings holds 100% of the shares in Barrie Hydro Energy Services Inc. and 8.37% of the common shares of Alectra Inc. ("Alectra").

The following provides condensed combined financial information for Barrie Hydro Holdings Inc.:

	2023	2022
	\$	\$
Financial position		
Current assets	185,559	111,527
Other assets	182,102,578	182,102,578
Total assets	182,288,137	182,214,105
Current liabilities	36,039	91,239
Long-term liabilities	26,525,865	26,525,865
Total liabilities	26,561,904	26,617,104
Total net assets	155,726,233	155,597,001
Results of operations		
Revenues	7,206,554	8,703,167
Expenses	(112,997)	(131,455)
Taxes	(2,755,292)	(3,295,356)
Net income for the year	4,338,265	5,276,356
Dividend refund received	2,616,427	2,990,000
Equity earnings in government business enterprise	6,954,692	8,266,356

b. Promissory note receivable

An unsecured promissory note receivable from Alectra as at December 31, 2023 amounted to \$20,000,000 (2022 - \$20,000,000) and bears interest at 4.41% (2022 - 4.41%) and interest is payable on December 31 of each year. The promissory note receivable matures on May 31, 2024. Interest received in the year, which is included in investment income, is \$882,000 (2022 - \$882,000).

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

5. Investments

Included in cash and cash equivalents are highly liquid short-term investments of \$36,507,507 (2022 - \$50,858,481) with a market value of \$36,507,507 (2022 - \$50,585,481).

Investments reported on the consolidated statement of financial position have a carrying value of the following:

	Measurement method	2023
		\$
Equity instruments	Fair value (effective January 1, 2023)	45,664,813
Corporate and government bonds	Amortized cost	132,176,478
Guaranteed investment certificates	Amortized cost	155,000,000
		332,841,291
	Measurement method	2022
		\$
Equity instruments	Amortized cost	25,286,452
Corporate and government bonds	Amortized cost	49,705,436
Guaranteed investment certificates	Amortized cost	255,000,000
		329,991,888

6. Credit facilities

Operating line of credit

The City has an operating line of credit, to be used to finance day-to-day operations, in the amount of \$25,000,000 (2022 - \$25,000,000), at the bank's stated prime rate less 1.00% per annum. The carrying balance of this operating line of credit at year end was \$nil (2022 - \$nil).

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

7. Deferred revenue - obligatory reserve funds

The continuity and balances in the obligatory reserve funds of the City are summarized below:

	2023	2022
	\$	\$
Balance, beginning of year	131,326,424	79,959,547
Canada community-building fund contributions	9,361,253	8,971,202
Development contributions	57,525,187	110,201,643
Provincial gas tax contributions	2,274,100	2,269,206
Investment income	7,767,612	1,548,190
Utilization of funds	(68,872,682)	(71,623,364)
Deferred revenue - obligatory reserve funds, end of year	139,381,894	131,326,424
Analyzed as follows:		
Canada community-building fund	16,830,630	18,417,689
Development charges	74,864,407	71,793,499
Other	14,651,471	10,862,266
Provincial gas tax	8,510,266	5,860,419
Cash in lieu of parkland	24,506,414	24,374,937
Federal transit tax	18,706	17,614
Deferred revenue - obligatory reserve funds, end of year	139,381,894	131,326,424

There is legislation and/or actions and communications by the City which restricts how these funds may be used. Cash and cash equivalents, and other liquid assets such as investments needed to fund these above noted obligatory reserve funds is \$139,381,894 (2022 - \$131,326,424). Actual cash and cash equivalents on hand at year end is \$56,400,122 (2022 - \$63,087,720) and investments on hand at year end have a market value of \$330,758,845 (2022 - \$323,956,981).

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

8. Post employment benefits liabilities

	2023	2022
	\$	\$
Accumulated post retirement benefits - accrued obligation	53,655,485	57,413,846
Unamortized net actuarial gains	18,614,253	11,419,950
Post retirement benefits - accrued benefit liability	72,269,738	68,833,796
Accumulated sick leave benefits - accrued obligation	17,160,018	15,870,912
Unamortized net actuarial losses	(1,101,184)	(654,838)
Sick leave benefits - accrued benefit liability	16,058,834	15,216,074
Long-term disability - accrued benefit liability	3,628,943	2,574,467
WSIB obligation - accrued benefit liability	42,203,136	18,360,307
	134,160,651	104,984,644

Information about post retirement benefits is as follows:

	2023	2022
	\$	\$
Current year benefit cost	2,800,838	4,276,019
Interest on accrued benefit obligation	2,721,984	1,909,269
Amortization of actuarial (gains) losses	(285,447)	1,093,747
Expense	5,237,375	7,279,035

Information about compensated absences is as follows:

	2023	2022
	\$	\$
Current year benefit cost	1,487,400	1,848,708
Interest on accrued benefit obligation	856,300	534,955
Amortization of actuarial losses	1,082,900	662,276
Expense	3,426,600	3,045,939

The amount paid during the year was \$1,801,506 (2022 - \$1,982,909) for post retirement benefits and \$1,119,490 (2022 - \$1,008,199) for compensated absence benefits.

Post retirement benefits

Post retirement life insurance and health care benefits

The City provides life insurance, dental, and health care benefits to certain employee groups after retirement until the members reach 65 years of age and to certain Barrie Police Services Board employee groups after retirement until the members reach 75 years of age. The costs and liabilities recorded for these benefits in 2023 are based on an actuarial valuation prepared by an independent actuarial firm. The date of the last actuarial valuation was as at December 31, 2023.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

8. Post employment benefits liabilities (continued)

Compensated absences benefits

Workplace Safety and Insurance Board

The City is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for financing its workplace safety insurance costs. The accrued benefit liability represents the actuarial valuation of claims to be insured based on the history of claims with City employees. A workers' compensation reserve is established to help reduce the future impact of these obligations. As at December 31, 2023, the balance in the workers' compensation reserve is \$719,654 (2022 - deficit of \$480,197), which is included in the reserves balance in Note 12.

The increase in the workers' compensation liability on December 31, 2023 is derived by an increase in the loss-of earnings benefit liability component which can be attributed to a change in methodology between the current and prior valuation. In the previous valuation, the liability for large certain or contingent claims was calculated based on the present value of future benefits with no consideration for recovery likelihood of those in-force participants, and the liability for all other claims was calculated using run-off vectors determined from historical data to estimate future years' benefits. In the current valuation, the liability for loss-of-earnings claimants, regardless of the classification, was determined based on the present value of projected future loss-of-earnings benefits including recognition for inflation and assumptions for the recovery likelihood for each claimant based on current industry continuance experience rate tables.

Sick leave benefits

The City provides paid sick leave that can be accumulated up to a maximum defined by the employee group. The costs and liabilities recorded for this benefit in 2023 are based on an actuarial valuation prepared by an independent actuarial firm. The date of the last actuarial valuation was as at December 31, 2023. A sick leave reserve is established to help reduce the future impact of these obligations. As at December 31, 2023, the balance in the sick leave reserve is \$2,886,356 (2022 - \$2,810,198), which is included in the reserves balance in Note 12.

The accrued benefit obligations for the City's post employment benefits liabilities as at December 31, 2023 are based on an actuarial valuation for accounting purposes as at December 31, 2023. These actuarial valuations were based on assumptions about future events. The economic assumptions used in these valuations are management's best estimates of expected rates of:

	2023	2022
	%	%
Expected wage and salary increases	3.6%	2.5%
Discount on accrued benefit obligations	4.5%	4.7%
Health care costs escalation	See (i)	See (ii)
Dental costs escalation	See (i)	4.0%

(i) Health care and dental costs are assumed to increase at 4.2% annually from 2024 to 2028, increase at 5.3% annually from 2029 to 2033, increase at 5.0% annually from 2034 to 2038, increase at 4.4% annually from 2039 to 2041, and increase at 4.0% annually in 2042 and thereafter.

(ii) 6.70% for 2022 and reducing by 0.15% in each subsequent year to an ultimate rate increase of 4.0%.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

9. Net long-term liabilities

The balance of net long-term liabilities reported on the consolidated statement of financial position is comprised of the following:

	2023	2022
	\$	\$
Debentures, bearing interest at rates ranging from 0.70% to 5.08%, maturing between 2024 and 2051, incurred by the City.	299,076,284	327,274,427
Barrie transit facility public-private partnership long-term obligation, interest at imputed rate of 2.9%, maturing in 2035.	3,487,122	3,738,986
Total	302,563,406	331,013,413
Interest rate swap - asset	(829,510)	-
	301,733,896	331,013,413

Principal repayments in each of the next five years and thereafter are as follows:

	\$
2024	27,862,031
2025	26,278,660
2026	26,372,412
2027	24,723,844
2028	24,530,804
Thereafter	172,795,655
	302,563,406

The interest expense relating to the above long-term liabilities is \$11,474,937 (2022 - \$11,936,809).

The debentures reported above, issued in the name of the City, have been approved by municipal by-law. The annual principal and interest payments required to service these liabilities are within the annual debt repayment limit prescribed by the Ministry of Municipal Affairs and Housing.

The City has entered into an interest rate swap agreement to reduce its exposure to interest rate risk related to its debentures. The fair market value of the swap at year end is an asset to the City of \$829,510 (2022 - \$1,205,689). The fair value of the interest rate swap is recorded in the consolidated statement of financial position with the change in fair value of \$376,179 during 2023 recorded in the consolidated statement of remeasurement gains.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

10. Asset retirement obligations

The City's asset retirement obligations liability, recognized under PS 3280 Asset Retirement Obligations, is comprised of the following:

Landfill obligation

The City owns and operates a landfill. Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, removal of ground water and leachates, and ongoing environmental monitoring, site inspection and maintenance. The asset retirement obligation for the landfill is recorded as the present value of the City's estimated future cash flows using a 2023 assessment of expected expenses extending over the closure and post-closure care period of the landfill. The landfill is expected to reach its capacity in 12 years (2022 - 13 years) and the estimated length of time needed for post-closure care is 50 years.

The discount rate applied upon the modified retroactive adoption of PS 3280 to restate the landfill obligation as at December 31, 2022 is 4.7%. The discount rate used to remeasure the landfill obligation as at December 31, 2023 is 4.5%.

All other asset retirement obligations

The City owns and operates several buildings that are known or assumed to have designated hazardous materials. Under the Occupational Health and Safety Act, there is a legal obligation to handle and dispose of designated hazardous materials when disturbed. Upon the adoption of PS 3280 Asset Retirement Obligations, the City recognized a liability for the removal of designated hazardous materials in buildings known or assumed to contain them using best estimates as at December 31, 2023. There is uncertainty on the timing of remediation, therefore present value techniques have not been used.

Changes to the asset retirement obligations in the year are as follows:

	2023	2022 (Restated) (Note 2)
	\$	\$
Asset retirement obligations, beginning of year	20,098,204	-
Adjustment on adoption of PS 3280	-	19,643,585
Change in discount rate	1,698,702	(664,028)
Change in cost estimate	(322,560)	1,118,647
Asset retirement obligations, end of year	21,474,346	20,098,204

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

11. Tangible capital assets

Information relating to tangible capital assets is as follows:

Contributed tangible capital assets

The City records tangible capital assets contributed by an external party at fair value on the date contributed. Typical examples are roads, storm sewers and sidewalks installed by a developer as part of a subdivision or development agreement. Contributions of tangible capital assets in 2023 amounted to \$66,096,691 (2022 - \$96,421,534).

Assets under construction

The amount of tangible capital assets under construction is \$166,462,648 (2022 - \$133,172,337). These items will be transferred to their relevant tangible capital asset categories when construction is completed. Amortization will commence in the year following that in which the asset is available for productive use.

The Corporation of the City of Barrie

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

12. Accumulated surplus

The City segregates its accumulated surplus into the following categories:

	2023	2022 (Restated) (Note 2)
	\$	\$
Invested in tangible capital assets	2,405,900,370	2,261,425,243
Unallocated	(50,774,933)	(20,808,982)
Reserves	237,876,042	219,266,340
Equity in government business enterprise	175,726,233	175,597,001
Amounts to be recovered		
Vacation payable liability	(5,397,473)	(5,688,885)
Post employment benefits liabilities	(134,160,651)	(104,984,644)
Asset retirement obligations	(21,474,346)	(20,098,204)
Net long-term liabilities	(301,733,896)	(331,013,413)
	2,305,961,346	2,173,694,456

13. Pension agreement

OMERS provides pension services to more than 600,000 active and retired members and approximately 1,000 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension ("the Plan") by comparing the actuarial value of the invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted as at December 31, 2023. The results of this valuation disclosed total actuarial liabilities as at that date of \$136,185 million (2022 - \$130,306 million) (includes \$1,611 million (2022 - \$1,517 million) of Additional Voluntary Contribution (AVC) component) in respect of benefits accrued for service with actuarial net assets at that date of \$131,983 million (2022 - \$123,628 million) (includes \$1,611 million (2022 - \$1,517 million) of AVC component) indicating an actuarial deficit of \$4,202 million (2022 - \$6,678 million). The actuarial deficit may result in future payments by participating employers and their employees because OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the City does not recognize any share of the OMERS pension surplus or deficit.

Contributions made by the City to OMERS for the year were \$15,772,113 (2022 - \$14,150,844).

14. Property taxation information

	2023	2022
	\$	\$
Property taxes and payments-in-lieu	284,380,008	269,459,124
Collections on behalf of governments

15. Expenses

	2023	2022 Restated (Note 2)
	\$	\$
Salaries, wages and employee benefits	227,722,402	193,132,419
Materials	32,360,603	31,776,909
Contracted services	77,823,551	68,205,047
Rents and financial expenses	9,021,292	9,558,607
Transfer payments	36,002,299	33,933,465
Interest on long-term debt	11,474,937	11,936,809
Amortization on tangible capital assets	68,603,149	66,035,779
(Gain) loss on disposal of tangible capital assets	(211,675)	252,237
	462,796,558	414,831,272

16. Commitments

(a) Victoria Village Projects:

By motion #05-G-446, the City provided a loan guarantee with the Toronto-Dominion Bank for Victoria Village Projects in the amount of \$16,875,000. The guarantee and amount were required to provide long-term financing for the capital construction costs and financial payment requirements of Victoria Village Projects, a long-term care and supportive housing complex located at 76 Ross Street (site of the old Royal Victoria Hospital). The outstanding balance of the loan as at December 31, 2023 is \$7,054,400.

(b) Public-private partnership ("P3") commitment:

The City has entered into a multiple-year P3 contract to design, build, finance, operate, and maintain the Barrie Transit Facility. The facility reached substantial completion in 2015. The information presented below shows the annual amounts for 2024 under this contract for the capital cost, financing of the asset, and operating costs. The actual payments to the private partner are contingent on specified performance criteria and will include an annual inflation factor based on CPI from the preceding September where applicable.

	Capital and Financing	Operating	Total Annual Payments
	\$	\$	\$
Annual service payment:	356,967	20,931,821	21,288,788

(c) Miscellaneous:

The City has also made commitments through numerous contracts, in the normal course of business, with a variety of suppliers for future capital projects.

17. Contingent liabilities

Legal actions and claims have been instituted against the City. However, after reviewing the merits of these actions and claims with counsel and insurers, it is management's opinion that there will be no significant uninsured liability arising from these claims. Accordingly, no provision has been made in the accounts for any amounts claimed. Any future liability will be recorded if an amount is likely and measurable.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

18. Provincial Offences Act ("POA")

The Ministry of the Attorney General requires all municipal partners administering the Provincial Offences Act to disclose in the year end audited consolidated financial statements a note on the gross and net provincial offences revenues earned. The following table provides condensed financial information required by the terms in the Memorandum of Understanding ("MOU") for the 2023 fiscal year with comparative figures for the year 2022:

	2023	2022

20. Segmented information

The City is a diversified municipal government institution that provides a wide range of services to its citizens such as transit, police, fire, and water. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities that they encompass are as follows:

General government

This item encompasses the revenues and expenses related to administrative departments and activities including Council, the Chief Administrative Officer Division, Finance, Human Resources, Legislative and Court Services, Legal Services, Information Technology and Corporate Facilities.

Protection services

This section represents Policing activities, Fire and Emergency Services, Building Code administration and enforcement, Municipal By-law enforcement including animal control and Provincial Offences administration including Court Services.

Transportation services

This segment services represent the activities for all roads maintenance and administration including winter control and responses, transit services, sidewalks, traffic signals and systems, parking and street lighting.

Environmental services

Activities of this segment include the property tax funded aspects of the environmental services, which are garbage collection, disposal, and recycling as well as storm water management and control. User rate funded activities for Water and Wastewater are mandated by the Province to be self funding and are included in this segment.

Health and social services

The expenses grouped in this segment relate primarily to services provided by the County of Simcoe as the Consolidated Service Manager, which includes Ontario Works, Land Ambulance, Social Housing, Homes for the Aged, and Childcare. District Health Unit contributions are also included.

Recreation and cultural services

All recreation facilities, program costs, parks maintenance, and related direct administration revenues and expense are included in this section. Library services are also included as well as costs related to cultural initiatives.

Planning and development

The Development Services department and Economic and Creative Development department activities are represented in this segment, along with revenues and expenses related to the Business Improvement Area in the downtown core.

Other funds and corporations

This segment captures the equity earnings from the City's Government Business Enterprise (Note 4) and contributed tangible capital assets.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

21. Financial instruments and risk management

The following classification system is used to describe the basis of the inputs used to measure the fair values of financial instruments in the fair value measurement category.

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - market based inputs other than quotes prices that are observable for the asset either directly or indirectly
- Level 3 - inputs for the assets or liabilities that are not based on observable market data

As at December 31, 2023, equity instruments and the interest rate swap are measured at fair value. Equity instruments (note 5) are classified as level 1 and the interest rate swap (note 9) is classified as level 3. During the year ended December 31, 2023, there were no transfers of financial instruments between level 1, level 2 and level 3.

The City is exposed to a variety of financial risks including credit risk, liquidity risk, and market risk.

Credit risk

Credit risk is the risk that a counterparty may default on its contractual obligations resulting in financial loss to the City. The City is exposed to credit risk with respect to its cash and cash equivalents, accounts receivable, other receivables, promissory note receivable, portfolio investments and interest rate swap. Cash is held in highly rated chartered banks. Credit risk is mitigated by the financial solvency of the organizations with balances due to the City.

Liquidity risk

Liquidity risk is the risk that the City will encounter difficulty in meeting its obligations associated with financial liabilities as they come due. The City is exposed to liquidity risk with respect to its accounts payable and accrued liabilities and net long-term liabilities. To manage liquidity risk, the City monitors its operations and cash flows to ensure sufficient resources exist to meet obligations. The City also holds liquid investments easily converted to cash.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk is comprised of interest rate risk, currency risk, and other price risk. The City is exposed to interest rate risk through its net long-term liabilities and mitigates risk by issuing debt with a fixed interest rate unless there is a material financial advantage to enter into a variable interest rate and entering into an interest rate swap. The City is exposed to currency risk through its investments denominated in a foreign currency and other price risk through investments in equity instruments and bonds. The City mitigates currency risk and other price risk through regular monitoring by management.

22. Subsequent event

Sale of Investment in Lake Simcoe Regional Airport Inc.

Subsequent to the year end, on January 1, 2024, the City sold its investment in the Airport to the County of Simcoe. The City's ownership share decreased from 10% to 0%. An estimated loss on sale of \$740,000 will be recorded in 2024.

The Corporation of the City of Barrie

Notes to the consolidated financial statements

December 31, 2023

23. Corresponding amounts
