Welcome to the City of Barrie's View Your Water Billing Account

This service offers up-to-date, online views of customer water accounts. From the comfort of home, citizens can review such information as billing, consumption and payment history. The City of Barrie is introducing e-billing for water and wastewater bills, to make accessing your water bill simpler and more convenient for you. Through e-billing, customers will be notified when their bill is due through email, and see all billing details all in one place.

If you have not used this system before, please select the New User option in the left-hand menu to get started. Once your profile has been created you will be able to link your water billing account. In order to do this you will need a copy of your most recent water bill.

NOTE: To close your water account or change your mailing address, please use the links below.
