Re: New Sidewalk On Edgehill Drive – Detailed Design Phase

The City of Barrie's (City) Infrastructure Department has begun the detailed design phase to install new sidewalks on Edgehill Drive, from Pringle Drive to approximately 170m East near 374 Edgehill Drive. During this phase, the possibility for a new sidewalk on Edgehill Drive, from Jagges Drive to Ferndale Drive North, will be investigated. A map of the work area is attached in Appendix A for your reference.

The City has retained consultants to assist with completing this work. To gather site conditions and background information, the following investigations and studies may be completed:

- site reviews,
- topographical and legal surveys,
- geotechnical (soils) investigations, and
- utility investigations.

You may see individuals on your street, or in your neighborhood, completing the above noted work. All individuals will wear protective vests and carry identification indicating who they work for. City staff and contracted workers are required to conduct work in a safe manner, and we ask that you take extra caution during the investigations to ensure everyone's safety.

Please note, this work will not require entrance into your residence. If entry is required, you will be contacted directly by a member of the City's project team.

Sanitary sewers, water services, hydro, telephone, cable TV, and gas services should not be affected during the investigations and studies, barring any unforeseen circumstances. Pedestrian, driveway and sidewalk access within the project limits will be provided at almost all times during the work.

The expected project schedule is as follows;

- Winter 2024/2025: Detailed Design Phase
- Fall 2025: Construction Phase

If you have any questions or comments regarding this project, please contact the undersigned. For further information or to see other City construction projects visit, barrie.ca/roadwork, or contact Service Barrie, 705-726-4242.

Regards,

Julia Vanderkuylen, P. Eng
