# Curbside Waste Collection Area Map

For Residential Properties Using Barrie's Curbside Collection

-  **Barrie Landfill and Environmental Centre**  
Phone: 705-739-4219  
272 Ferndale Drive North
-  **City Hall**  
Phone: 705-726-4242  
70 Collier Street
-  **Allandale Recreation Centre**  
Phone: 705-728-5141  
190 Bayview Drive
-  **Peggy Hill Team Community Centre**  
Phone: 705-792-7925  
171 Mapleton Avenue
-  **East Bayfield Community Centre**  
Phone: 705-739-4225  
80 Livingstone Street East

## Understanding Your Waste Collection Schedule

**Step 1:** Determine your collection day and area (A or B) on the collection map above or look up your address at [barrie.ca/CollectionSchedule](http://barrie.ca/CollectionSchedule).

**Step 2:** Look for these symbols     each month throughout the calendar to help identify which materials are collected in your collection area.

-  **Organics**
-  **Garbage**
-  **Yard Waste**
-  **Christmas Trees**

## Textile Donation Bin Locations

-  **City Operations Centre**  
165 Ferndale Drive North
-  **Barrie Wastewater Treatment Facility**  
167 Bradford Street
-  **Allandale Recreation Centre**  
190 Bayview Drive
-  **Sadlon Arena**  
555 Bayview Drive

**Looking for recycling information?** Residential recycling is not collected by the City. Visit [CircularMaterials.ca/barrie](http://CircularMaterials.ca/barrie) for more information on residential recycling collection.

# Let's keep it rolling! Some cart reminders.

## Tips for keeping your carts clean:

1. Organics and garbage can be placed bagged or loose into the carts. Using bags will help keep your carts clean. Remember that only certified compostable bags or paper bags can be used for organics.
2. Sprinkling a small amount of baking soda and/or lining the bottom of the cart can also help reduce odours. Only use certified compostable material or paper (such as newspaper) to line the organics cart.
3. Wash carts regularly with water and vinegar and empty them on grass or gravel (make sure it doesn't enter the storm drain).

Carts are owned by the City of Barrie and are assigned to each property. They must remain at their assigned address, even if you move.

## DID YOU KNOW?

Your organics cart is equipped with a gravity lock to secure material and keep out wildlife. The lock will open automatically when the cart is dumped into the collection vehicle.

Gravity lock lids on the organics carts

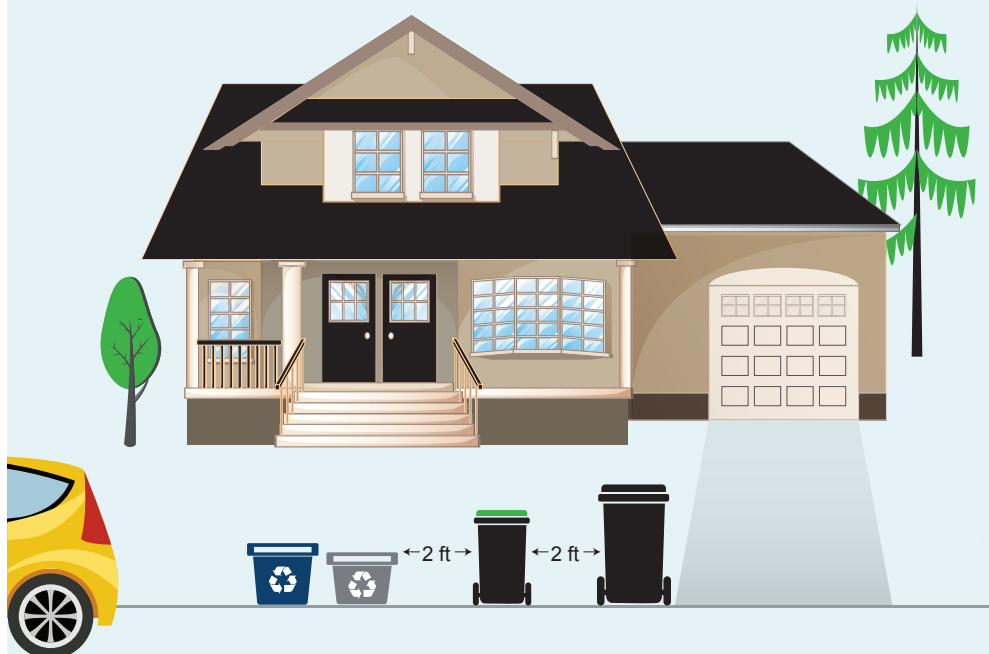

Sturdy, durable, easy to roll

## Give Your Carts Some Space!

For collection, allow **2 ft (0.6m)** of space between each cart and any **obstacles** like recycling containers, yard waste bags, parked cars, fences or trees. This gives the arms on the truck the room needed to pick up the carts.

Ensure the lids are fully closed.

Place carts on a level surface.

Point arrows on lid toward the street.

Don't overfill your cart.

Don't block bike lanes or sidewalks.

Generally, setting carts on the road is not permitted.

## Why don't I have a recycling cart?

Residential recycling collection is **not managed** by the City.

Circular Materials is responsible for residential recycling under the provincial Blue Box Regulation, with their own contract with Emterra. Their contract is unrelated to the City of Barrie's separate contract with Emterra for organics, garbage, and yard waste collection.

Visit [CircularMaterials.ca/barrie](https://CircularMaterials.ca/barrie) for:

→ Recycling tips

→ List of items accepted in recycling

→ Recycling collection schedule

Questions about recycling? Contact  
[customercareont@emterra.ca](mailto:customercareont@emterra.ca) | 1-888-597-1541

With Circular Materials now responsible for residential recycling province-wide, Ontario residents can recycle more materials than ever before and recycle the same materials no matter where they live in the province. Examples of some of the new materials accepted in recycling as of January 1, 2026 can be found on page 20.

For more information about Ontario's new enhanced recycling system, visit [CircularMaterials.ca/RecycleOntario](https://CircularMaterials.ca/RecycleOntario).

## Why Organics Matter

When organic waste ends up in the landfill, it produces methane — a powerful greenhouse gas that harms our environment. By using your organics cart, you're helping to:

- Fight climate change
- Create nutrient-rich compost to feed our soil
- Extend the life of Barrie's landfill

With just a few small changes at home, you can make a big difference for our community.

## Where Does It All Go?

### Organics vs. Yard Waste

They may both become compost, but they are collected and processed separately.

- **Yard Waste:** Leaves, branches, and garden clippings are collected through the Yard Waste Program and composted at the City's landfill site.
- **Organics:** Food scraps, pet waste, and other organics are collected through the Organics Program and sent to a specialized facility that manages odours, pests, and pathogens.

Putting yard waste in the organics cart causes higher costs, more emissions, and extra taxpayer expenses. Please keep them separate.

## Reasons to Love the Organics Cart

The organics cart makes it easy to capture the things you can't compost at home, like:

- Meat, fish, shellfish & dairy
- Cooked or baked foods
- Fats, oils & grease
- Pet waste (yes, even that!)

### Pet Waste & Kitty Litter

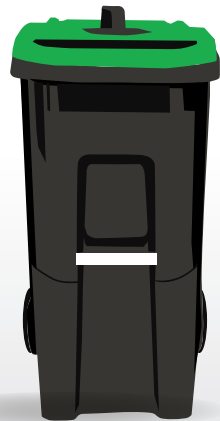

Plant-based kitty litter and animal bedding (wood, wheat, corn, paper pellets, grass seed, etc.) are accepted in the organics cart. Traditional clay kitty litter is not.

Pet waste must be placed in certified compostable bags, marked with these logos:

### Liner Options

- Certified compostable liners/bags (must include one of the certified "compostable" logos)
- Paper bags
- Newspaper
- Popcorn and pet food bags (without plastic liners)
- Paper yard waste bags
- Boxboard such as cereal and cracker boxes

## Reduce Food Waste, Save Money

Using your organics cart is good — but wasting less food in the first place is even better.

Every year, it is estimated that nearly half of Canada's food supply is wasted, based on a report from Second Harvest — this equates to a value of approximately \$58 billion. Most of that food waste is avoidable.

Here's how to save money and cut waste:

- Plan meals and stick to your shopping list
- Store food correctly, eat leftovers, freeze extras
- Learn what "best before" and "sell by" dates really mean
- Use food past its prime in smoothies, soups, or baking

### Free Kitchen Catcher

Make food waste separation simple with a free kitchen catcher. Pick one up at a City Recreation Centre or the Barrie Landfill. Don't forget to bring your photo ID showing Barrie residency.

For delivery, contact Emterra at [customercare.barrie@emterra.ca](mailto:customercare.barrie@emterra.ca) or 1-833-253-8207.

# Sort Smart.

Use your organics cart.

[barrie.ca/OrganicsCollection](http://barrie.ca/OrganicsCollection)

## Winter Curbside Collection [barrie.ca/WinterCurbsideCollection](http://barrie.ca/WinterCurbsideCollection)

Stroll along the waterfront

### Winter Collection Dos & Don'ts

- When shovelling, clear a flat spot beside or at the end of your driveway.
- Do not place your carts on or behind a snowbank. Your carts will not be collected if they cannot be accessed by the truck's automated collection arms.
- Ensure lids are closed as items are susceptible to being frozen to your cart or being blown away.

# JANUARY 2026

Setting a tree out for collection?  
Trees must be under 6 ft (1.8 m),  
free of decorations and stands,  
and not in a plastic bag.

## Winter Source Water Protection [barrie.ca/SourceWaterProtection](http://barrie.ca/SourceWaterProtection)

Dog Off-Leash Recreation Area at Sunnisdale Park

### Winter Salt Use

Too much salt harms our water, pets, and landscaping. Use it wisely:

- Shovel first to prevent ice
- Target ice only – don't salt snow
- Chip ice with a tool when you can
- Sprinkle lightly – 1 tbsp covers a sidewalk square
- Switch it up – below -10°C, use sand or non-clumping kitty litter instead

### What We're Doing

The City is reducing salt impacts while keeping roads safe:

- GPS-guided plows = precise salt use
- Early street sweeping = less contamination
- Trained operators = right place, right time
- Usage tracking = smarter salt management

# FEBRUARY 2026

**Don't forget!** To ensure collection, materials must be placed curbside by 7 a.m. on your collection day.

## Keeping Barrie Beautiful [barrie.ca/CleanAndGreen](http://barrie.ca/CleanAndGreen)

Barrie from the sky

### Clean and Green Barrie

Formerly Spring Into Clean, Clean and Green Barrie is a community-wide event that brings together residents, schools, community groups, and businesses to help keep our city beautiful. During Earth Week in April, join the effort by collecting litter in schoolyards, parks, trails, ravines, and other public spaces.

Learn more at [barrie.ca/CleanAndGreen](http://barrie.ca/CleanAndGreen).

### Living Green Barrie

Living Green Barrie is a registered environmental charity that has been making the city greener and cleaner for over 30 years. Find Living Green events highlighted throughout this calendar, including tree plantings and repair cafés. Visit [LivingGreenBarrie.com](http://LivingGreenBarrie.com) to learn more.

## Yard Waste Collection [barrie.ca/YardWasteCollection](https://barrie.ca/YardWasteCollection)

Barrie parks in bloom

### Yard Waste Collection

- Yard waste is picked up every other week from April to November, alternating with your garbage week
- Collected by end of day Friday

You can also drop yard waste at the Barrie Landfill. Visit [barrie.ca/landfill](https://barrie.ca/landfill) for more details.

### Help Make Great Compost

Your yard waste is turned into compost for City parks and for sale to residents. To keep it clean:

- Remove plastic pots, bags, toys
- No food waste, pet waste, tools, or treated wood

For more information about how the City turns your yard waste into compost, visit [barrie.ca/composting](https://barrie.ca/composting).

### Ice Storm Debris

After the March 2025 storm, 10,000 tonnes of debris were chipped and reused for compost, landscaping, animal bedding, and biomass fuel (for heating or electricity). While curbside collection of large brush was temporarily offered after the storm, it's not a regular service. Large brush can be dropped off at the landfill year-round.

**Be a water hero this summer!** [barrie.ca/SourceWaterProtection](http://barrie.ca/SourceWaterProtection)

Wing Walker at the Barrie Airshow

### What is source water?

Source water is where we get our drinking water from. For Barrie, our drinking water comes from Kempenfelt Bay and groundwater.

#### Source water protection tips:

Head to the car wash, instead of washing your car in your driveway. Car washes are required to ensure water is treated before it goes into the sewer.

Fuel up your boat on land or at a marina where proper spill response materials are ready in case of mishaps.

Use less fertilizer on your lawn, especially near water sources or before a heavy rainfall.

Discharge your pool or hot tub onto your lawn on a sunny day, letting it soak in before it heads to the storm sewer.

# JUNE 2026

## Summer Waste Tips [barrie.ca/CurbsideCarts](https://barrie.ca/CurbsideCarts)

Fireworks over Kempenfelt Bay

During the warmer summer months, how we manage our waste is even more important to protect against odours, pests, and messes. A few simple habits can help keep your space clean and less inviting to pests.

- **Clean your carts** inside and out to reduce odours
- **Keep yards tidy** – remove debris, piles, and tall grass
- **Store waste properly in carts** – don't leave bags outside overnight
- **Use your organics cart's gravity lock** to keep wildlife out

**Pro tip:** Wrap food scraps in newspaper or paper bags or store in the fridge or freezer until collection day.

## Protecting Barrie's Sewer System [barrie.ca/sewers](http://barrie.ca/sewers)

Evening at the marina

The City's sanitary sewer flows to the Wastewater Treatment Facility to be treated first before being released into Kempenfelt Bay.

Pouring, flushing, dumping or spilling unacceptable items down sinks, toilets or drains can cause flooding, backups, poor sewage treatment, and environmental contamination. It also increases the cost to manage wastewater.

### Never put these items down toilets and sinks:

Fats, oils and cooking grease

Hygiene products  
("Flushable" wipes  
are not flushable)

Medication

Household hazardous waste

Dental Floss

Diapers

## Household Hazardous Waste [barrie.ca/HHW](http://barrie.ca/HHW)

Barrie Public Library Holly Branch

### Safe Disposal Starts Here

Flammable, corrosive, toxic, or explosive items can harm people, animals, and the environment if not disposed of properly. These items do not belong in the garbage. The City provides a Household Hazardous Waste Facility at the Barrie Landfill, 272 Ferndale Drive N:

- **Open:** Saturdays, 8:30 a.m. – 3:30 p.m.
- **Free** for all Barrie residents (valid I.D. required)

### Alternative Options for Disposal

In Ontario, producers of hazardous products (such as batteries, paints and solvents, and oil containers) are responsible for the waste created when consumers are finished with them.

There are alternate, convenient options for where to take these materials for proper disposal. Visit [barrie.ca/HHW](http://barrie.ca/HHW) for more information.

Help protect the environment – drop off your household hazardous waste safely.

# SEPTEMBER 2026

**Don't forget!** To ensure collection, materials must be placed curbside by 7 a.m. on your collection day.

# City of Barrie Ward Map

Effective November 14, 2026

In 2025, the City of Barrie underwent a comprehensive review of its ward boundaries. This new ward map is effective November 14, 2026. Visit [barrie.ca/WardBoundaryReview](https://barrie.ca/WardBoundaryReview) for more information.

### **Vote in Your New Ward on Election Day!**

While the new ward map doesn't formally come into effect until November, if your ward has changed, you will vote in your new ward in the upcoming Municipal Election. Visit [barrie.ca/election](https://barrie.ca/election) for information on the 2026 Municipal Election as it approaches.

### **Will My Waste Collection Day Change?**

No, waste collection days are not impacted by new ward boundaries.

## Fall Yard Waste Collection [barrie.ca/YardWasteCollection](https://barrie.ca/YardWasteCollection)

Fall walk along the North Shore Trail

In late fall, we collect a lot of leaves for composting! Here are some tips to ensure collection goes smoothly:

- **Keep it dry:** Store bags/cans in a dry spot so paper bags stay sturdy and containers don't get heavy.
- **Drain containers:** Drill small holes in yard waste containers; keep lids on until set out.
- **Protect bags:** Roll tops down and nest in a circle to prevent rain damage.
- **Bundle branches:** Max 4 ft long × 1 ft wide, tied securely.

### Prefer to drop it off at the landfill?

Residential yard waste can be brought to the Barrie Landfill at no charge for the first 100 kg of each load. There is a fee for loads over 100 kgs.

For more information visit [barrie.ca/landfill](https://barrie.ca/landfill).

### Thank you for your patience during the busy yard waste season.

In late October, curbside yard waste volumes increase and trucks may need extra trips to the landfill. Collection might take a little longer on some days, but all yard waste will be picked up by end of day Friday.

# OCTOBER 2026

**Don't forget!** To ensure collection, materials must be placed curbside by 7 a.m. on your collection day.

# We Will Remember

[barrie.ca/RemembranceDay](http://barrie.ca/RemembranceDay)

Cenotaph in Memorial Square

## Barrie Remembers

Every year, Barrie's Royal Canadian Legion Branch and the City of Barrie join communities across Canada in commemorating Remembrance Day to honour all who have fallen and acknowledge the courage of those who have served for our freedom.

For details on this year's Remembrance Day events, visit [barrie.ca/RemembranceDay](http://barrie.ca/RemembranceDay).

## Free Transit for Veterans

Veterans ride Barrie Transit free of charge along with one companion all day on Remembrance Day. Simply show Barrie Transit operators anything that proves you're a veteran.

## Battery Collection Week

Battery curbside collection occurs the first full week of November, on your regular collection day. Use the battery collection bag and place on top of your cart.

# Rethinking Holiday Waste [barrie.ca/RethinkWaste](http://barrie.ca/RethinkWaste)

Outdoor skating at a neighbourhood rink

## Curbing Holiday Waste Starts with Awareness Tips to Reduce Holiday Waste

During the holiday season, there is an increase in the amount of garbage we set to the curb. According to Zero Waste Canada, Canadians produce 25% more waste during the holidays, including over 545,000 tonnes of waste from gift wrapping and shopping bags and 6 million rolls of tape used to wrap presents.

- Give experiences or subscriptions instead of “stuff”
- Encourage and normalize sustainable, thrift, and second-hand gifting
- Get creative with wrapping! Reuse newspaper and magazines or use kraft paper and kids’ artwork.
- Use quality reusable bags for wrapping gifts

- Make a waste sorting area for holiday parties, with separate piles for organics, garbage and recycling
- Properly divert your unavoidable waste into the correct carts and containers

**REMINDER:** There is no curbside collection on Christmas Day and New Year’s Day.

# DECEMBER 2026

**Don't forget!** To ensure collection, materials must be placed curbside by 7 a.m. on your collection day.

# Barrie Landfill and Environmental Centre

**Location:** 272 Ferndale Dr. North

**Hours of Operation:** Tuesday to Saturday,  
8:30 a.m. to 3:30 p.m. (excluding holidays)

*The Barrie Landfill is open to Barrie residents only.  
Have photo I.D. ready upon arrival.*

## TIPS FOR VISITING THE BARRIE LANDFILL

- Busy times are on Saturdays and early in the week; avoid these times if possible.
- Material not properly sorted into the designated diversion areas may result in your entire load being charged a higher tipping fee.
- Plan ahead and sort/separate before your visit. Materials in your load may be divertible and accepted at no charge or qualify for reduced tipping fees.
- Insulation and styrofoam packaging must be bagged to avoid windblown litter.
- Household hazardous waste is accepted free of charge on Saturdays. Please do not put these materials in your garbage or recycling.
- Please declare what you're dropping off to site staff upon arrival to ensure safe handling and proper management of waste materials.

Visit [barrie.ca/landfill](http://barrie.ca/landfill) for more information regarding acceptable waste and landfill rates.

## FREE DROP-OFF

- Bicycles
- Blue and grey box recyclables
- Diapers, May 1 to October 31  
(visit [barrie.ca/landfill](http://barrie.ca/landfill) for more information)
- Electronics
- Hazardous Waste
- Organics
- Scrap metal
- Textiles
- Tires

## ADDITIONAL SERVICES

Garbage tags, composters, compost and mulch are **available for a fee** (visit [barrie.ca/landfill](http://barrie.ca/landfill) or call 705-739-4219 to confirm compost and mulch availability)

Line your kitchen catcher with compostable bag liners with the following logos. Visit [barrie.ca/OrganicsCollection](http://barrie.ca/OrganicsCollection) for other liner options. Material can also be placed loose in the organics cart.

# Household Hazardous Waste Facility (HHWF)

**Location:** 272 Ferndale Dr. North

**Hours of Operation:** Saturdays ONLY  
from 8:30 a.m. to 3:30 p.m.

*The HHWF is open to City of Barrie residents only.  
Hazardous waste from businesses is not accepted.*

## ACCEPTABLE HAZARDOUS WASTE

- Aerosol cans
- Antifreeze
- Batteries (all types) \*
- Cleaning products
- Cosmetics, nail polish remover
- Empty oil containers and filters
- Fertilizers
- Gasoline, brake fluid, motor oil
- Medication
- Mercury containing devices
- Paint and paint thinners
- Pool chemicals
- Propane/butane tanks, fire extinguishers, lighters
- Sharps (needles)

\*Note: Lithium-ion batteries, including those from cell phones, drones, and remote control cars, must be disposed of at the HHWF on Saturdays. Only household batteries (AA, AAA, C, D, 9-volt and button batteries) may be put to the curb during Battery Collection Week in November or dropped off any time at the Barrie Landfill during regular operating hours.

Visit [barrie.ca/landfill](http://barrie.ca/landfill) for more information on the Household Hazardous Waste Facility.

## Reminder: Bulky items don't belong at the curb!

Things like furniture, appliances, and construction and renovation waste can be brought to the Barrie Landfill for a fee. **Curbside Giveaway Days** take place twice per year and are a chance for residents to get rid of gently used items that others might like.

[barrie.ca/AlternativeWasteDisposalOptions](http://barrie.ca/AlternativeWasteDisposalOptions)

## Recycling Depot

The Recycling Depot provides another way to get rid of recyclables and household hazardous waste, helps reduce scalehouse wait times and makes dropping off recycling and hazardous waste more efficient.

**Location:** 272 Ferndale Dr. North (lower area of the Barrie Landfill)

**Hours of Operation:** From April through November (weather dependent), Tuesday to Saturday, 8:30 a.m. to 3:30 p.m. excluding holidays. Hazardous waste is accepted on Saturdays ONLY.

*The Recycling Depot is accessible to Barrie residents only. Have photo I.D. ready upon arrival.*

## ACCEPTED MATERIALS

- Blue and grey box material
- Cardboard
- Electronics
- Light bulbs
- Organics
- Hazardous waste (Saturdays only)
- Metal
- Textiles
- Tires

All other waste items must be disposed of by accessing the scalehouse at the top of the hill. If you have a mixed load of recycling and waste, the waste portion must be disposed of at the top of the hill, the recycling portion can be dropped off either at the top of the hill or the Recycling Depot at the bottom.

Visit [barrie.ca/landfill](http://barrie.ca/landfill) for more information on the Recycling Depot.

# SORTING GUIDE

## Organics (Cart with green lid)

### Accepted Material

#### Food Waste

- Coffee grounds and filters, tea bags
- Cooking oils and grease (small quantities)
- Dairy products, eggs and eggshells
- Meat, bones, fish
- Pastas, breads and rice
- Pumpkins, fruit and vegetable waste from the garden
- Vegetables and fruits

#### Non-Food Waste

- Flowers
- Microwave popcorn bags
- Pet waste, including plant-based kitty litter and small animal bedding
- Paper towels, tissues, napkins
- Wood ashes (cold)
- Wooden popsicle sticks, toothpicks, natural wine corks

### Not Accepted

- Clay and crystal based kitty litter
- Cleaning and wet wipes
- Diapers, baby wipes and feminine hygiene products
- Liquids
- Plastic of any kind
- Textiles and dryer lint
- Vacuum bag and contents
- Yard waste

## Garbage (Cart with black lid)

### Accepted Material

- Cigarette butts
- Cling film and plastic wrap
- Coffee pods
- Diapers, baby wipes and feminine hygiene products
- Cleaning and wet wipes
- Dishes and drinking glasses
- Dryer sheets
- Toys
- Vacuum bags

### Not Accepted

- Bulky items
- Electronics
- Organics
- Household hazardous waste (batteries, medications, paint, chemicals)
- Recycling
- Yard waste

Visit [barrie.ca/WasteItemLookup](http://barrie.ca/WasteItemLookup) to learn more.

## Yard Waste

### Accepted Material

- Grass clippings
- \*Leaves
- Small bundles of brush
- Tree clippings

*\*leaves are accepted, but we encourage you to 'leave your leaves!' You can improve the health of your lawn by using your mower to mulch leaves on the lawn instead of bagging them.*

### Acceptable Yard Waste Containers

- Garbage cans (lids can be on or off)
- Paper bags
- Old green bins

### Not Accepted

- Dirt, soil and rocks
- Garden fruit and vegetables including pumpkins; put in organics
- Household garbage
- Large tree limbs
- Milled or treated lumber
- Pet waste and pet toys
- Plastic or metal items
- Street sweepings

### Unacceptable Yard Waste Containers

- Cardboard boxes
- Plastic bags
- Recycling boxes

## Why don't I see recycling information?

Residential recycling collection is **not managed** by the City.

Circular Materials is responsible for residential recycling under the provincial Blue Box Regulation, with their own contract with Emterra. Their contract is unrelated to the City of Barrie's separate contract with Emterra for organics, garbage, and yard waste collection.

Visit [CircularMaterials.ca/barrie](https://CircularMaterials.ca/barrie) for:

→ Recycling tips

→ List of items accepted in recycling

→ Recycling collection schedule

Questions about recycling? Contact [customercareont@emterra.ca](mailto:customercareont@emterra.ca) | 1-888-597-1541

With Circular Materials now responsible for residential recycling province-wide, Ontario residents can recycle more materials than ever before and recycle the same materials no matter where they live in the province. Examples of some of the new materials accepted in recycling as of January 1, 2026:

- paper coffee cups
- flexible plastic packaging (coffee bags, chip bags, snack wrappers, etc.)
- paper egg cartons
- paper plates

For more information about Ontario's new enhanced recycling system, visit [CircularMaterials.ca/RecycleOntario](https://CircularMaterials.ca/RecycleOntario).

We're here to help.
