

SUNNIDALE ROAD RETAINING WALL REPLACEMENT

START DATE: MAY 2026

END DATE: JULY 2026

Timeline is subject to change.

The City of Barrie (City) is undertaking the removal and reconstruction of retaining walls, including restoration of the affected boulevards, and has awarded the contract to Alpha Earthworks & Construction Incorporated (Contractor).

This work is part of City Council's approved 2026 budget and aligns with the Infrastructure Investments priority from their strategic direction.

MAP OF THE WORK AREA

WORK DETAILS

The Contractor will:

- Replace retaining wall
- Restore boulevards impacted by work

WHAT TO EXPECT DURING CONSTRUCTION

You may experience inconveniences such as, dust, noise, and short delays. The City will make efforts to reduce impacts, and your patience is appreciated.

Further notice will be provided to property owners who are required to remove items such as decorative objects, located within City property limits (boulevard).

If you have a sprinkler system within the boulevard portion of your property, please contact the City representatives identified below. The City will not be responsible for damage to any privately owned items on City property, including sprinkler system.

The Contractor has retained the services of OZA Inspections Limited to complete a precondition survey of the exterior and interior of your home. Separate letters will be sent from the City and the survey company to book an appointment.

	Road and Sidewalk Access: Pedestrian access will be maintained during construction. Roads will be open to traffic at all times, barring any unforeseen circumstances. Access for emergency vehicles will always be maintained.
	Driveway Access: Vehicle entry to properties within the construction limits will be available. Services: Hydro, sanitary sewer services, water services, cable TV, and gas services should not be affected by the construction, barring any unforeseen circumstances. Telephone Service will be interrupted for a short period of time. Advance notice of the service interruptions will be provided.
	Accessibility: If you have any accessibility requirements, such as wheelchair access or home care, please contact the City representatives listed below.
	Traffic Management: The Contractor will use traffic control measures, such as traffic cones to steer through traffic around contractor equipment and vehicles, within the construction site. Flag persons will assist with traffic control, if required.
	Transit Service: The proposed construction will not affect Barrie Transit routes, and schedules.
	Parking: Parking on roadways in an active construction area is not permitted. Vehicles parked in the construction zone will be ticketed and towed.
	Garbage and Recycling: Garbage, recycling, and yard waste will be collected on the regular collection day during construction. Ensure everything for pick up is curbside by 7:00 a.m. on the collection day or it may not be picked up.
	Safety: The Contractor is required to conduct work in a safe manner, such as using traffic cones and fencing off excavations. Please use extra caution in the construction zone to ensure everyone's safety.
