

YONGE STREET ROAD EXPANSION AND TRANSPORTATION IMPROVEMENTS (Mapleview Drive East to Lockhart Road)

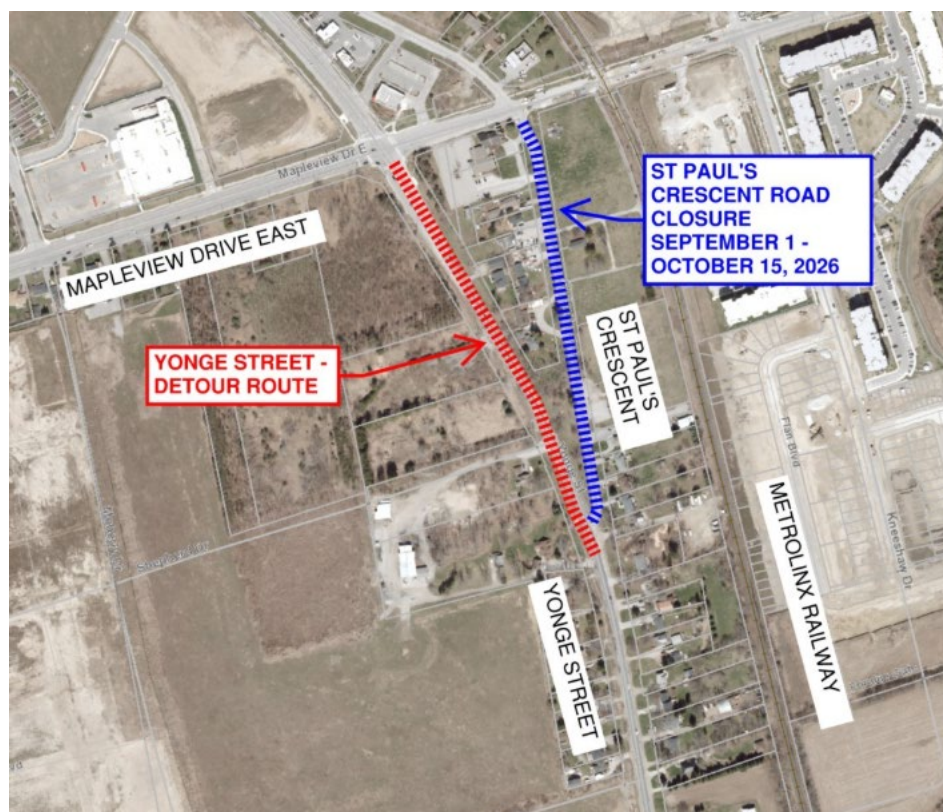

START DATE: SPRING 2026

END DATE: SPRING 2028

**Timeline is subject to change.*

The City of Barrie (City) is continuing work on the above noted project, with work being performed by Mar-King Construction Company Ltd. (Contractor). This bulletin is to provide notice of an update to the project work. **Specifically, changes to the closure of St. Paul's Crescent.**

MAP OF THE WORK AREA

WORK UPDATE

The Contractor will:

- Excavate St. Paul's Crescent to install the storm sewer, watermain and water service connections.
- Backfill and restore the roadway, including introduction of new concrete curbs.
- Construct the new roadway intersection alignment at Yonge Street.

WHAT TO EXPECT

You may continue to experience inconveniences such as, dust, noise, and short delays. The City will make efforts to reduce impacts, and your patience is appreciated.

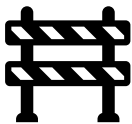

Further notice will be provided to property owners who are required to remove items such as decorative objects, located within City property limits (boulevard).

If you have a sprinkler system within the boulevard portion of your property, please contact the City representatives identified below. The City will not be responsible for damage to any privately owned items on City property, including sprinkler system.

Road and Sidewalk Access:

St. Paul's Crescent will be closed to through traffic between **Mapleview Drive East and Yonge Street**, from **September 1 to October 15, 2026**.

	Access to residences and businesses within the construction limits will be maintained through construction from either Mapleview Drive East (north) or from Yonge Street (south). Yonge Street will serve as the detour route for traffic while St. Paul's Crescent is closed. Emergency vehicle access will be maintained at all times.
	Driveway Access: Vehicle entry to properties within the construction limits will be available. At times, direct access to driveways will be interrupted, for driveway culvert replacement and, watermain and sanitary sewer work. Services: Hydro, sanitary sewer services, water services, telephone, cable TV, and gas services should not be affected by the construction, barring any unforeseen circumstances.
	Accessibility: If you have any accessibility requirements, such as wheelchair access or home care, please contact the City representatives listed below.
	Traffic Management: The Contractor will use traffic control measures, such as traffic cones to steer through traffic around contractor equipment and vehicles, within the construction site. Flag persons will assist with traffic control, if required.
	Transit Service: The proposed construction will not affect Barrie Transit routes, and schedules.
	Parking: Parking on roadways in an active construction area is not permitted. Vehicles parked in the construction zone will be ticketed and towed.
	Waste Collection Garbage, recycling, organics, and yard waste will be collected on your regular collection day during construction. The Contractor may need to move items to a designated area for pick-up by the waste collection contractor. Carts and recycling boxes will be returned to your property later the same day. Clearly mark your address on all containers and, ensure everything for pick-up is curbside by 7:00 a.m. on the collection day.
	Safety: The Contractor is required to conduct work in a safe manner, such as using traffic cones and fencing off excavations. Please use extra caution in the construction zone to ensure everyone's safety.

The City would like to thank all residents for their support and cooperation throughout this project. The City recognizes the impact this work may have on your daily routines and appreciates your understanding and patience throughout the project.
