INFORMATION BULLETIN

Contract 2024-082T

ESSA ROAD, BROCK, AND GROVE PARKS NEIGHBOURHOOD RESURFACING PROGRAM

RE-START DATE: November 2026
END DATE: December 2026
**Timeline is subject to change.*

The City of Barrie (City) is continuing work on the above noted project, with work being performed by GIP Inc. (Contractor). The project work was completed in October 2024, which included the resurfacing of multiple streets.
A concrete material deficiency related to the aggregate used in concrete installed in 2024 has resulted in premature deterioration in some locations; therefore, select sections of curb and sidewalk will be removed and replaced, with all associated costs borne by the Contractor.

STREETS AFFECTED BY REPAIR WORK

The following are areas where repairs are scheduled:

- Essa Road – from approximately 200 m north of Fairview Road to approximately 70 m north of Anne Street South
- Parkdale Crescent – Davidson Street to North Park Road
- Northpark Road – Parkdale Crescent to Oak Street
- Oak Street – Grove Street East to Queen Street
- Dundonald Street – Penetang Street to Codrington Street
- Victoria Street – Anne Street South to Innisfil Street
- Robert Street – Vespra Street to John Street
- John Street – Anne Street South to Innisfil Street
- Dufferin Street – Robert Street to Innisfil Street
- Anne Street South – Adelaide Street to Jacobs Terrace
- Creswick Court - Oak Street to Oakley Park Square (provisional)
- Bennet Road - Grove Street East to Oakley Park Square (provisional)
- Beecroft Gate - St. Vincent Street to Oakley Park Square (provisional)
- Elm Street - Gunn Street to Oakley Park Square (provisional)

WORK UPDATE

The Contractor will continue progress by:

- Completing repairs to deficient sidewalk and curb
- Restore driveways and boulevards impacted by work

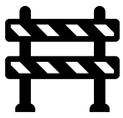

WHAT TO EXPECT

You may continue to experience inconveniences such as, dust, noise, and short delays. The City will make efforts to reduce impacts, and your patience is appreciated.

Further notice will be provided to property owners who are required to remove items such as decorative objects, located within City property limits (boulevard).

If you have a sprinkler system within the boulevard portion of your property, please contact the City representatives identified below. The City will not be responsible for damage to any privately owned items on City property, including sprinkler systems.

	**Road and Sidewalk Access:** Pedestrian access will be maintained during construction. Residents may experience minor delays when travelling through the work zone. Intermittent lane shifts and closures will be required.

	Access for emergency vehicles will always be maintained.
	**Driveway Access:** Vehicle entry to properties within the construction limits will be available. At times, direct access to driveways will be interrupted. **Services:** Hydro, sanitary sewer services, water services, telephone, cable TV, and gas services should not be affected by the construction, barring any unforeseen circumstances.
	**Accessibility:** If you have any accessibility requirements, such as wheelchair access or home care, please contact the City representatives listed below.
	**Traffic Management:** The Contractor will use traffic control measures, such as traffic cones to steer through traffic around contractor equipment and vehicles, within the construction site. Flag persons will assist with traffic control, if required.
	**Transit Service:** The proposed construction will not affect Barrie Transit routes, and schedules.
	**Parking:** Parking on roadways in an active construction area is not permitted. Vehicles parked in the construction zone will be ticketed and towed.
	**Waste Collection** Garbage, recycling, organics, and yard waste will be collected on your regular collection day during construction. The Contractor may need to move items to a designated area for pick-up by the waste collection contractor. Carts and recycling boxes will be returned to your property later the same day. **Clearly mark your address on all containers** and, ensure everything for pick-up is curbside by **7:00 a.m. on the collection day.**
	**Safety:** The Contractor is required to conduct work in a safe manner, such as using traffic cones and fencing off excavations. Please use extra caution in the construction zone to ensure everyone's safety.

The City would like to thank all residents for their support and cooperation throughout this project. The City recognizes the impact this work may have on your daily routines and appreciates your understanding and patience throughout the project.
