

City-Wide Development Charges

Summary of By-law 2019-055

(As amended by By-law
2021-059)

Rates effective September 18, 2022

This pamphlet summarizes the City of Barrie's City-Wide and Area Specific Development Charges. Please note that additional Area-Specific or Education Development Charges may also apply.

The information contained herein is intended only as a guide. Applicants should review the approved By-law for additional details and consult with the City of Barrie Finance Department to determine the applicable charges that may apply to specific development proposals.

The Development Charges By-law 2019-055 and amending By-law 2021-059 are available at www.barrie.ca/developmentcharges or at Service Barrie, located on the 1st floor of City Hall, 70 Collier Street, Barrie during regular business hours.

Purpose of Development Charges

The purpose of development charges is to recover the growth-related costs associated with the capital infrastructure needed to service new development within the municipality.

The Council of the City of Barrie amended By-law No. 2019-055 by By-law 2021-059 on the 14th day of June 2021 under subsection 2(1) of the *Development Charges Act, 1997*.

By-law No. 2019-055 (as amended or replaced)

By-law No. 2019-055 (as amended or replaced) imposes residential development charges (calculated on the number and type of units) and non-residential development charges (calculated per square meter of gross floor area of the building) upon all lands within the boundaries of the City of Barrie.

The By-law contains several service categories, some of which serve all of the lands in the City of Barrie and some of which serve only the Salem and Hewitt's Secondary Plan areas, Whiskey Creek area or the former City of Barrie municipal boundary areas. See the attached pages for rates and area specific maps.

The categories of services for which development charges are imposed under the Bylaw are as follows:

- a) Services Related to a Highway
- b) Public Works
- c) Protection
- d) Ambulance Services
- e) Transit Services
- f) Waste Diversion
- g) Parks and Recreation
- h) Library Services
- i) Growth Studies
- j) Housing Services
- k) Long-term Care
- l) Water Services – Facilities
- m) Water Services – Facilities Related Debt
- n) Wastewater Services – Facilities
- o) Wastewater Services – Facilities Related Debt
- p) Water Services – Distribution Systems – Salem & Hewitt's Secondary Plan Areas
- q) Wastewater Services – Collection Systems – Salem & Hewitt's Secondary Plan Areas
- r) Water Services – Distribution Systems – Former City Municipal Boundary Areas
- s) Wastewater Services – Collection Systems – Former City Municipal Boundary Areas
- t) Stormwater Drainage and Control Services – Former City Municipal Boundary Areas
- u) Whiskey Creek Stormwater – Area Specific

Rates shall be indexed annually, commencing on January 1, 2020 by the percentage change recorded in the average annual Non-Residential Construction Price Index (Table 18-10-0135-01 as amended or replaced from time to time) produced by Statistics Canada.

Timing of Calculation and Payment of Development Charges

Generally, development charges are payable at the time of building permit issuance, including conditional permit issuance. However, residential development charges with respect to:

- Services Related to a Highway
- Water Services – Facilities & Facilities Related Debt
- Wastewater Services – Facilities & Facilities Related Debt
- Former City Municipal Boundary Areas (where applicable):
 - Stormwater Drainage and Control Services
 - Water Services – Distribution Systems
 - Wastewater Services – Collection Systems
- Salem & Hewitt's Secondary Plan Areas (where applicable):
 - Water Services – Distribution Systems
 - Wastewater Services – Collection Systems
- Whiskey Creek Area – Stormwater

are payable immediately upon entering into a subdivision/consent agreement, based upon the number and type of residential lots created, and, in the case of subdivision blocks, based on the maximum zoned capacity of each block pursuant to the City of Barrie's Zoning By-law.

Deferral of Development Charges

Staff Report FIN002-20 authorized the following for deferral and instalment payments for rental housing, institutional development, and Non-profit housing:

1. **For rental housing that is not non-profit housing (minimum 4 units - all of which are intended for Rental use):** DCs will be due in 6 equal annual payments plus interest commencing on the earlier of the date of the issuance of an occupancy permit or the date the building is first occupied. The person required to pay development charges is required to notify the City within 5 business days of the building first being occupied. Failure to notify the City will result in the development charge, including any interest payable becoming due and payable immediately. Interest charges are applied to development charges outstanding, at a rate fixed for the duration of the loan on the date that the first instalment is due.
2. **For institutional development:** DCs will be due in 6 equal annual payments plus interest commencing on the earlier of the date of the issuance of an occupancy permit or the date the building is first occupied. The person required to pay development charges is required to notify the City within 5 business days of the building first being occupied. Failure to notify the City will result in the development charge, including any interest payable becoming due and payable immediately. Interest charges are applied to development charges outstanding, at a rate fixed for the duration of the loan on the date that the first instalment is due.
3. **For Non-profit Housing Development:** DCs will be due in 21 equal annual payments plus interest commencing on the earlier of the date of the issuance of an occupancy permit or the date the building is first occupied. Interest is waived during the first 5 years of the deferral. The person required to pay development charges is required to notify the City within 5 business days of the building first being occupied. Failure to notify the City will result in the development charge, including any interest payable becoming due and payable immediately. Beginning on the date that the sixth instalment is due, interest charges be applied to development charges outstanding and be fixed for five year increments for the remaining duration of the loan.

Interest is determined using the City's weighted average cost of capital (WACC). WACC is unique to each organization and considers both internal and external factors to evaluate the cost of delaying the receipt of funds. The City updates its WACC semi-annually or may do so at any other time should conditions so warrant. The applicable WACC rate will ultimately be the rate in effect at the time of complete application. The deferral of Development Charge payments does not apply to Education Levies, Cash in Lieu of Parkland, or Finance Administration Fees.

Development Charge Rate Freezes

The following applies to Complete Site Plan Applications and Zoning By-law amendment Applications accepted by the City on/after January 1, 2020. The amount of development charges are determined on:

- a. the day an application for an approval of development in a site plan control area;
- b. if clause a) does not apply, the day an application for an amendment to the zoning by-law was made.
- c. If neither clause a) nor clause b) applies, the day before the first building permit is issued.

If a) or b) applies, development charge amounts will remain crystallized for a maximum of two years. The crystallized development charge amount will be indexed and become payable at the time development charges are due. The indexing amount will accrue from the date of complete application.

The indexing rate is determined using the City's weighted average cost of capital (WACC). WACC is unique to each organization and considers both internal and external factors to evaluate the cost of delaying the receipt of funds. The City updates its WACC semi-annually or may do so at any other time should conditions so warrant. The applicable WACC rate will ultimately be the rate in effect at the time of complete application.

Development charges that are not crystallized are subject to an annual inflationary adjustment on January 1st of each year.

Redevelopment Credits

A credit will be provided against development charges owing for properties where there is a redevelopment of the property. The eligibility of the credit is restricted to redevelopments that occur within 60 months of the demolition permit being issued of a qualifying residential or non-residential building. No credit shall be given with respect to Whiskey Creek area specific charges unless the charge has previously been paid.

Discounts and Exemptions

A number of exemptions/discounts in addition to those that are legislated under the Development Charges Act, 1997 were approved by City Council. The exemptions include but are not limited to:

- Specific exemptions relating to certain Residential permits (such as purpose built second suites and certain accessory units)
- Enlargements to an existing industrial building up to 50% of the gross floor area
- Developments of land intended for use by a college or university that received operating funds from the Governments are exempt from the payment of DC's; but does not include student residences.
