A. Process – Suggestions for Adding to the Municipal Names Registry and/or Naming of a Park or Facility

- Receipt of a Nomination/Application: All requests for adding names to the Registry/naming of a Park or Facility are to be submitted in writing by completing the Naming Application Form available as Appendix "A" to this policy document, and all supporting documentation as may be required;
- Processing of the Nomination/Application: Processing the application involves confirmation of criteria, discussion with the applicant and the applicable City departments/external stakeholders including Emergency Services, initial meeting of the Municipal Naming Working Group, public consultation for a 30-day period, compiling consultation results and a reconvening meeting of the Municipal Naming Working Group for a review of the public consultation results. In cases where there is no opposition received during the public consultation period, a report may be submitted directly to General Committee, without the reconvening of the Municipal Naming Working Group for a second meeting. Opposition is defined as a clear expression that the name in question does not meet the criteria for as outlined in this policy;
- Report to General Committee: When a name is recommended for approval, a report to General Committee is prepared containing the Municipal Naming Working Group's recommendation;

- Implementation of Approved Nomination: Upon Council approval of a recommendation, implementation of the approved name is undertaken. This involves final notification to the nominee and may involve an official unveiling ceremony with the presentation of a plaque or sign to be erected at the site, indicating the name as well as its significance, if the approval includes immediately assigning the name to a specific asset; and
- Maintenance of the Municipal Names Registry: Names that are approved by Council shall be placed on the Municipal Names Registry along with all records related to the history of the approved name. Where an approved name is not assigned to a specific asset immediately, it shall remain on the Registry for future use.

In the absence of a specific theme or choices by the developer or proponent, staff will provide the Councillor for the ward in which the development is occurring with the names available for use from the Municipal Names Registry and request their choice;
- Processing of the Street Name Request: Processing the application involves confirmation of criteria, discussion with the proponent or developer and the applicable City departments/external stakeholders including Emergency Services, and consultation with the Ward Councillor(s). A meeting of the Municipal Naming Working Group may be held but will not be required for the naming of a street. Public consultation shall not be required for the naming of a street. The Planning Services Department shall inform the developer if the name is known to conflict with existing street names at either the local or county level or is otherwise unacceptable to any of the parties consulted and shall provide the reason why the name is not acceptable. The Street Type designations shall be applied in accordance with the Appendix B to this policy. Commemorative street names shall remain the responsibility of Planning Services Department. Where a request for a commemorative street name has been made, the name will be vetted through the investigation and criteria evaluation process of this policy and the processing may include consultation with the Municipal Naming Working Group;
- Assigning Name from the Municipal Names Registry: Where the proponent is also the owner or developer of a project, a name from the Municipal Names Registry may be reserved for use in that particular development. The proponent reviews an up-to-date Municipal Names Registry for the name(s) selection, including names approved by Council specifically for use within the proponent's project. Street Type designations shall be applied in accordance with the Appendix B to this policy;
- Approval of Names: The Ward Councillor has been provided with delegated authority to name a street, where such name(s) is in accordance with provisions of this policy. A Zoning By-law Amendment is presented to Council using the suggested street name(s) after consultation with the Ward Councillor;
